INTRODUCTION

This Plan is offered by the Contractholder as one of the benefits of your employment with the Group or your Employer Member. The benefits provided are intended to assist you with many of your health care expenses for Medically Necessary services and supplies. Coverage under this Plan is provided regardless of your race, color, national origin, disability, age, sex, gender identity or sexual orientation. There are provisions throughout this Benefit Booklet that affect your health care coverage. Changes in state or federal law or regulations, or interpretation thereof, may change the terms and conditions of coverage. It is important that you read the Benefit Booklet carefully so you will be aware of the benefits and requirements of this Plan. In the event of any conflict between any components of this Plan, the *Benefit Program Application* provided to the Contractholder by BCBSTX prevails.

The defined terms in this Benefit Booklet are capitalized and shown in the appropriate provision in the Benefit Booklet or in the **DEFINITIONS** section of the Benefit Booklet. Whenever these terms are used, the meaning is consistent with the definition given. Terms in italics may be section headings describing provisions or they may be defined terms.

The terms “you” and “your” as used in this Benefit Booklet refer to the Employee of the Group or Employer Member. Use of the masculine pronoun “his,” “he,” or “him” will be considered to include the feminine unless the context clearly indicates otherwise.

Managed Health Care In-Network Benefits

To receive In-Network Benefits as indicated on your Schedule of Coverage, **you must** choose Providers within the Network for all care (**other than for emergencies**). The Network has been established by BCBSTX and consists of Physicians, Specialty Care Providers, Hospitals, and other health care facilities to serve Participants throughout the Network Plan Service Area. Refer to your Provider directory or visit the BCBSTX website at www.bcbstx.com to make your selections. The listing may change occasionally, so make sure the Providers you select are still Network Providers. An updated directory will be available at least annually or you may access our website, www.bcbstx.com, for the most current listing to assist you in locating a Provider.

If you choose a Network Provider, the Provider will bill BCBSTX - not you - for services provided.

The Provider has agreed to accept as payment in full the least of...

- The billed charges, or
- The Allowable Amount as determined by BCBSTX, or
- Other contractually determined payment amounts.

You are responsible for paying any Deductibles, Copayment Amounts, and Coinsurance Amounts. You may be required to pay for limited or non-covered services. No claim forms are required.

Managed Health Care Out-of-Network Benefits

If you choose Out-of-Network Providers, only Out-of-Network Benefits will be available. If you go to a Provider outside the Network, benefits will be paid at the Out-of-Network Benefits level. If you choose a health care Provider outside the Network, you may have to submit claims for the services provided.

You will be responsible for...

- Billed charges above the Allowable Amount as determined by BCBSTX;
- Coinsurance Amounts, and Deductibles;
- Prior Authorization; and

INTRODUCTION

- Limited or non-covered services.

Pharmacy Benefits

Benefits are provided for those Covered Drugs as explained in the **PHARMACY BENEFITS** section and shown on your Schedule of Coverage in this Benefit Booklet. The amount of your payment under the Plan depends on where the Prescription Order is filled, the type of drug dispensed and if your Plan includes a Deductible.

WHO GETS BENEFITS

Eligibility Requirements for Coverage

The Eligibility Date is the date a person becomes eligible to be covered under the Plan. A person becomes eligible to be covered when he becomes an Employee or a Dependent and is in a class eligible to be covered under the Plan. The Eligibility Date is:

- The date the Employee, including any Dependents to be covered, completes the Waiting Period, if any, for coverage;
- Described in the ***Dependent Enrollment Period*** section for a new Dependent of an Employee already having coverage under the Plan.

No eligibility rules or variations in premium will be imposed based on your health status, medical condition, claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other Health Status Related Factor. Coverage under this Plan is provided regardless of your race, color, national origin, disability, age, sex, gender identity, sexual orientation, political affiliation or expression. Coverage under this Plan does not require documentation certifying a COVID-19 vaccination or require documentation of post-transmission recovery as a condition for obtaining coverage or receiving benefits under this Plan. Variations in the administration, processes or benefits of this Plan that are based on clinically indicated, reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

Employee Eligibility

Any person eligible under this Contract and covered by the Group's or an Employer Member's previous Health Benefit Plan on the date prior to the Contract Effective Date, including any person who has continued group coverage under applicable federal or state law, is eligible on the Contract Effective Date. With respect to an Employer Member that becomes a member of the Group after the Contract Effective Date, any person eligible under this Contract and covered by such Employer Member's previous Health Benefit Plan on the date prior to the Employer Member's effective date of coverage under this Contract, including any person who has continued group coverage under applicable federal or state law, is eligible on the Employer Member's effective date of coverage under this Contract. Otherwise, you are eligible for coverage under the Plan when you satisfy the definition of an Employee and you reside or work in the Plan Service Area.

Dependent Eligibility

If you apply for coverage, you may include your Dependents. Eligible Dependents are:

- Your spouse;
- A child under the limiting age shown in the definition of Dependent;
- A child of any age who is medically certified as Disabled and dependent on the parent;
- A child of your child who is your Dependent for federal income tax purposes at the time application for coverage of the child is made; or
- Any other child included as an eligible Dependent under the Contract. A detailed description of Dependent is in the **DEFINITIONS** section of this Benefit Booklet.

An Employee must be covered first in order to cover his eligible Dependents. No Dependent shall be covered hereunder prior to the Employee's Effective Date.

Effective Dates of Coverage

In order for an Employee's coverage to take effect, the Employee must submit enrollment for coverage for himself and any Dependents.

The Effective Date is the date the coverage for a Participant actually begins. The Effective Date under the Contract is shown on your Identification Card. It may be different from the Eligibility Date.

Timely Applications

It is important that your application for coverage under the Plan is received timely by the Carrier.

WHO GETS BENEFITS

If you apply for coverage and pay any required premium for yourself or for yourself and your eligible Dependents and if you:

- Are eligible on the Contract Date and the application is received by the Carrier prior to or within 31 days following such date, your coverage will become effective on the Contract Date;
- Enroll for coverage for yourself or for yourself and your Dependents during an Open Enrollment Period, coverage shall become effective on the Contract Anniversary; and
- Become eligible after the Contract Date and if the application is received by the Carrier within the first 31 days following your Eligibility Date, the coverage will become effective as provided in the Contract (see the Group or Employer Member for this Effective Date information).

Effective Dates - Delay of Benefits Provided

Coverage becomes effective for you and/or your Dependents on the Contract Date upon completion of an application for coverage. If an Employer Member becomes a member of the Contractholder's Group after the Contract Date, coverage becomes effective for you and/or your Dependents on your Employer Member's effective date of coverage under this Contract, upon completion of an application for coverage. If you or your eligible Dependent(s) are confined in a Hospital or Facility Other Provider on the Contract Date, your coverage is effective on the Contract Date. If your Employer Member becomes a member of the Group after the Contract Effective Date, and you or your eligible Dependent(s) are confined in a Hospital or Facility Other Provider on your Employer Member's effective date of coverage under this Contract, your coverage is effective on your Employer Member's effective date of coverage under this Contract. However, if this Contract is replacing a discontinued Health Benefit Plan or self-funded Health Benefit Plan, benefits for any Employee or Dependent may be delayed until the expiration of any applicable extension of benefits provided by the previous Health Benefit Plan or self-funded Health Benefit Plan.

Effective Dates - Late Enrollee

If your application is not received within 31 days from the Eligibility Date, you will be considered a Late Enrollee. You will become eligible to apply for coverage during your Employer's next Open Enrollment Period. Your coverage will become effective on the Contract Anniversary.

Loss of Other Health Insurance Coverage

An Employee who is eligible, but not enrolled for coverage under the terms of the Plan (or/and a Dependent, if the Dependent is eligible, but not enrolled for coverage under such terms) shall become eligible to apply for coverage if each of the following conditions are met:

1. The Employee or Dependent were covered under a Health Benefit Plan, self-funded Health Benefit Plan, or had other health insurance coverage at the time this coverage was previously offered; and
2. Coverage was declined under this Plan in writing, on the basis of coverage under another Health Benefit Plan or self-funded Health Benefit Plan; and
3. There is a loss of coverage under such prior Health Benefit Plan or self-funded Health Benefit Plan as a result of:
 - a. Under Title X of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, as amended, or the applicable continuation provisions of the *Texas Insurance Code* have been exhausted; or
 - b. Cessation of Dependent status (such as divorce or attaining the maximum age to be eligible as a dependent child under the Plan), termination of employment, a reduction in the number of hours of employment, or employer contributions toward such coverage were terminated; or
 - c. Termination of the other plan's coverage, a situation in which an individual incurs a claim that would meet or exceed a lifetime limit on all benefits, a situation in which the other plan no longer offers any benefits to the class of similarly situated individuals that include you or your Dependent, or, in the case of coverage offered through an HMO, you or your Dependent no longer reside, live, or work in the service area of that HMO and no other benefit option is available; and
4. You request to enroll no later than 31 days after the date coverage ends under the prior Health Benefit Plan or self-funded Health Benefit Plan or, in the event of the attainment of a lifetime limit on all benefits, the request to enroll is made not later than 31 days after a claim is denied due to the attainment of a lifetime limit on all

WHO GETS BENEFITS

benefits. Coverage will become effective the first day of the calendar month following receipt of the application by the Carrier.

If all conditions described above are not met, you will be considered a Late Enrollee.

Loss of Governmental Coverage

An individual who is eligible to enroll and who has lost coverage under Medicaid (Title XIX of the Social Security Act), other than coverage consisting solely of benefits under Section 1928 of that Act (42 U.S.C. Section 1396s) or under the Texas Children's Health Insurance Program (CHIP), Chapter 62, Health and Safety Code, is not a Late Enrollee provided appropriate enrollment application/change forms and applicable Premium payments are received by the Carrier within sixty (60) days after the date on which such individual loses coverage. Coverage will be effective the day after prior coverage terminated.

Health Insurance Premium Payment (HIPP) Reimbursement Program

An individual who is eligible to enroll and who is a recipient of medical assistance under the state of Texas Medicaid Program or enrolled in CHIP, and who is a participant in the state of Texas HIPP Reimbursement Program may enroll with no enrollment period restrictions. If the individual is not eligible unless a family member is enrolled, both the individual and family member may enroll. The Effective Date of Coverage is on the first day of the month after the Carrier receives (i) written notice from the Texas Health and Human Services Commission, or (ii) enrollment forms, from you, provided such forms and applicable Premium payments are received by the Carrier within sixty (60) days after the date the individual becomes eligible for participation in the HIPP Reimbursement Program.

Dependent Enrollment Period

1. Special Enrollment Period for Newborn

Coverage of a newborn child will be automatic for the first 31 days following the birth of your newborn child or your Dependent daughter's newborn child. For coverage to continue beyond this time, you or your Dependent daughter must notify the Carrier within 31 days of birth and pay any required premium within that 31-day period or a period consistent with the next billing cycle. Coverage will become effective on the date of birth. If the Carrier is notified after that 31-day period, the newborn child's coverage will become effective on the Contract Anniversary following the Group's next Open Enrollment Period.

2. Special Enrollment Period for Adopted Children or Children Involved in a Suit for Adoption

Coverage of an adopted child or child involved in a suit for adoption will be automatic for the first 31 days following the adoption or date on which a suit for adoption is sought. For coverage to continue beyond this time, the Carrier must receive all necessary forms and the required premium within the 31-day period or a period consistent with the next billing cycle. Coverage will become effective on the date of adoption or date on which a suit for adoption is sought. If you notify the Carrier after that 31-day period, the child's coverage will become effective on the Contract Anniversary following the Group's next Open Enrollment Period.

3. Court Ordered Dependent Children

If a court has ordered an Employee to provide coverage for a child, coverage will be automatic for the first 31 days after the date the Group or Employer Member receives notification of the court order. To continue coverage beyond the 31 days, the Carrier must receive all necessary forms and the required premium within the 31-day period. If you notify the Carrier after that 31-day period, the Dependent child's coverage will become effective on the Contract Anniversary following the Employer's next Open Enrollment Period.

4. Court Ordered Coverage for a Spouse

If a court has ordered you, the Employee, to provide coverage for a spouse, enrollment must be received within 31 days after issuance of the court order. Coverage will become effective on the first day of the month following the date the application for coverage is received and the required premium is paid within the 31-day period. If application is not made within the initial 31 days, your spouse's coverage will become effective on the Contract Anniversary following the Group's next Open Enrollment Period.

WHO GETS BENEFITS

5. *Other Dependents*

Application must be received within 31 days of the date that a spouse or child first qualifies as a Dependent. If the application is received within 31 days, coverage will become effective on the date the child or spouse first becomes an eligible Dependent. If application is not made within the initial 31 days, then your Dependent's coverage will become effective on the Contract Anniversary following the Group's Open Enrollment Period.

If you ask that your Dependent be insured after having canceled his or her coverage while your Dependent was still entitled to coverage, your Dependent's coverage will become effective in accordance with the provisions for Late Enrollees.

In no event will your Dependent's coverage become effective prior to your Effective Date.

Other Employee Enrollment Period

- As a special enrollment period event, if you acquire a Dependent through birth, adoption, or through suit for adoption, and you previously declined coverage for reasons other than under ***Loss of Other Health Insurance Coverage***, as described above, you may apply for coverage for yourself, your spouse, and a newborn child, adopted child, or child involved in a suit for adoption. If the application is received within 31 days of the birth, adoption, or suit for adoption, coverage for the child, you, or your spouse will become effective on the date of the birth, adoption, or date suit for adoption is sought.

If you marry and you previously declined coverage for reasons other than under ***Loss of Other Health Insurance Coverage*** as described above, you may apply for coverage for yourself and your spouse. If the application is received within 31 days of the marriage, coverage for you and your spouse will become effective on the first day of the month following receipt of the application by the Carrier.

- If you are required to provide coverage for a child as described in ***Court Ordered Dependent Children*** above, and you previously declined coverage for reasons other than under ***Loss of Other Health Insurance Coverage***, you may apply for coverage for yourself. If the application is received within 31 days of the date your Group receives notification of the court order, coverage for you will become effective on the date your Group receives notification of the court order.

Employee Application/Change Form

Use this form to...

- Notify the Plan and BCBSTX of a change to your name;
- Add Dependents (other than a newborn child where notification only is required);
- Drop Dependents;
- Cancel all or a portion of your coverage; and
- Notify BCBSTX of all changes in address for yourself and your Dependents. An address change may result in benefit changes for you and your Dependents if you move out of the Plan Service Area of the Network.

You may obtain this form from the Group or Employer Member, by calling the BCBSTX Customer Service Helpline telephone number shown in this Benefit Booklet or on your Identification Card, or by accessing the BCBSTX website. If a Dependent's address and zip code are different from yours, be sure to indicate this information on the form. After you have completed the form, return it to the Group or Employer Member.

Changes in Your Family

You should promptly notify the Carrier in the event of a birth or follow the instructions below when events, such as but not limited to, the following take place:

- If you are adding a Dependent due to marriage, adoption, or a child being involved in a suit for which an adoption of the child is sought, or the Group receives a court order to provide health coverage for a Participant's child or your spouse, you must submit an *Employee Application/Change Form* and the coverage of the Dependent will become effective as described in ***Dependent Enrollment Period***.

WHO GETS BENEFITS

- When you divorce, your child reaches the age indicated in the definition of Dependent, or a Participant in your family dies, coverage under the Plan terminates in accordance with the **Termination of Coverage** provisions selected by the Group.

Notify the Group or Employer Member promptly if any of these events occur. Benefits for expenses incurred after termination are not available. If your Dependent's coverage is terminated, premium refunds will not be made for any period before the date of notification. If benefits are paid prior to notification to BCBSTX, refunds will be requested.

Please refer to the **Continuation Privilege** subsection in this Benefit Booklet for additional information.

HOW THE PLAN WORKS

Allowable Amount

The Allowable Amount is the maximum amount of benefits BCBSTX will pay for Eligible Expenses you incur under the Plan. BCBSTX has established an Allowable Amount for Medically Necessary services, supplies, and procedures provided by Providers that have contracted with BCBSTX or any other Blue Cross and/or Blue Shield Plan, and Providers that have not contracted with BCBSTX or any other Blue Cross and/or Blue Shield Plan. When you choose to receive services, supplies, or care from a Provider that does not contract with BCBSTX, you will be responsible for any difference between the BCBSTX Allowable Amount and the amount charged by the non-contracting Provider. You will also be responsible for charges for services, supplies, and procedures limited or not covered under the Plan, Deductibles, any applicable Coinsurance Amounts, Out-of-Pocket Maximum amounts, and Copayment Amounts.

Review the definition of Allowable Amount in the **DEFINITIONS** section of this Benefit Booklet to understand the guidelines used by BCBSTX.

Balance Billing and Other Protections

Federal requirements, including but not limited to the Consolidated Appropriations Act, may impact your benefits. BCBSTX will apply federal requirements to your Plan, where applicable.

For some types of Out-of-Network care, your health care Provider may not bill you more than your Network cost-sharing levels. If you receive the types of care listed below, your cost-share will be calculated as if you received services from a Network Provider. Those cost-share amounts will apply to any Network Deductible and Out-of-Pocket Maximums.

- Emergency Care from facilities or Providers who do not participate in your network;
- Care furnished by non-participating Providers during your visit to a Network facility; and
- Air ambulance services from non-participating Providers, if your plan covers Network air ambulance services.

There are limited instances when an Out-of-Network Provider of the care listed above may send you a bill for up to the amount of that Provider's billed charges. You are only responsible for payment of the Out-of-Network Provider's billed charges if, in advance of receiving services, you signed a written notice that informed you of:

- The Provider's Out-of-Network status;
- In the case of services received from an Out-of-Network Provider at a Network facility, a list of Network Providers at the facility who could offer the same services;
- Information about whether Prior Authorization or other care management limitations may be required in advance of services; and
- A good faith estimate of the Provider's charges.

Your Provider cannot ask you to be responsible for paying billed charges for certain types of services, including emergency medicine, anesthesiology, pathology, radiology, and neonatology, and other specialists as may be defined by applicable law.

Case Management

Under certain circumstances, the Plan allows BCBSTX the flexibility to offer benefits for expenses which are not otherwise Eligible Expenses. BCBSTX, at its sole discretion, may offer such benefits if:

- The Participant, his family, and the Physician agree;
- Benefits are cost effective; and
- BCBSTX anticipates future expenditures for Eligible Expenses which may be reduced by such benefits.

HOW THE PLAN WORKS

Any decision by BCBSTX to provide such benefits shall be made on a case-by-case basis. The case coordinator for BCBSTX will initiate case management in appropriate situations.

Continuity of Care

In the event a Participant is under the care of a Network Provider at the time such Provider stops participating in the Network and at the time of the Network Provider's termination, the Participant has special circumstances such as a (1) disability, (2) acute condition, (3) life-threatening illness, or (4) is past the 13th week of pregnancy and is receiving treatment in accordance with the dictates of medical prudence, BCBSTX will continue providing coverage for that Provider's services at the In-Network Benefit level.

Special circumstances means a condition such that the treating Physician or health care Provider reasonably believes that discontinuing care by the treating Physician or Provider could cause harm to the Participant. Special circumstances shall be identified by the treating Physician or health care Provider, who must request that the Participant be permitted to continue treatment under the Physician's or Provider's care and agree not to seek payment from the Participant of any amounts for which the Participant would not be responsible if the Physician or Provider were still a Network Provider.

The continuity of coverage under this subsection will not extend for more than ninety (90) days, or more than nine (9) months if the Participant has been diagnosed with a terminal illness, beyond the date the Provider's termination from the Network takes effect. However, for Participants past the 13th week of pregnancy at the time the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery.

Coverage Determinations

Certain services are covered pursuant to BCBSTX medical policies and clinical procedure and coding policies, which are updated throughout the Calendar Year. The medical policies are guides considered by BCBSTX when making coverage determinations and lay out the procedure and criteria to determine whether a procedure, treatment, facility, equipment, drug or device is Medically Necessary and is an Eligible Expense or is Experimental/Investigational, cosmetic, or a convenience item. The clinical procedure and coding policies provide information about what services are reimbursable under the Plan. The most up-to-date medical and clinical procedure and coding policies are available at www.bcbstx.com, or contact customer service at the toll-free number on the back of your Identification Card.

HOW THE PLAN WORKS

Freedom of Choice

<i>Each time you need medical care, you can choose to:</i>		
See a Network Provider	See an Out-of-Network Provider	
	ParPlan Provider <i>(refer to ParPlan, below, for more information)</i>	Out-of-Network Provider that is not a contracting Provider
- You receive the higher level of benefits (In-Network Benefits) - You are not required to file claim forms - You are not balance billed; Network Providers will not bill for costs exceeding the BCBSTX Allowable Amount for covered services - Your Provider will obtain Prior Authorization for necessary services	- You receive the lower level of benefits (Out-of-Network Benefits) - You are not required to file claim forms in most cases; <i>ParPlan</i> Providers will usually file claims for you - You are not balance billed; <i>ParPlan</i> Providers will not bill for costs exceeding the BCBSTX Allowable Amount for covered services - In most cases, <i>ParPlan</i> Providers will obtain Prior Authorization for necessary services	- You receive Out-of-Network Benefits (the lower level of benefits) - You are required to file your own claim forms - You may be billed for charges exceeding the BCBSTX Allowable Amount for covered services - You must obtain Prior Authorization for necessary services

Identification Card

The Identification Card tells Providers that you are entitled to benefits under y the Group's Health Benefit Plan with BCBSTX. The card offers a convenient way of providing important information specific to your coverage including, but not limited to, the following:

- Your Subscriber identification number.*** This unique identification number is preceded by a three character alpha prefix that identifies Blue Cross and Blue Shield of Texas as your Carrier.
- Your group number.*** This is the number assigned to identify your Health Benefit Plan with BCBSTX.
- Any Copayment Amounts that may apply to your coverage.***
- Important telephone numbers.***

Always remember to carry your Identification Card with you and present it to your Providers or Participating Pharmacies when receiving health care services or supplies.

Please remember that any time a change in your family takes place it may be necessary for a new Identification Card to be issued to you (refer to the **WHO GETS BENEFITS** section for instructions when changes are made). Upon receipt of the change in information, the Carrier will provide a new Identification Card.

Unauthorized, Fraudulent, Improper, or Abusive Use of Identification Cards

The unauthorized, fraudulent, improper, or abusive use of Identification Cards issued to you and your covered Dependents will include, but not be limited to, the following actions, when intentional:

- Use of the Identification Card prior to your Effective Date;
- Use of the Identification Card after your date of termination of coverage under the Plan;
- Obtaining prescription drugs or other benefits for persons not covered under the Plan;
- Obtaining prescription drugs or other benefits that are not covered under the Plan;
- Obtaining Covered Drugs for resale or for use by any person other than the person for whom the Prescription Order is written, even though the person is otherwise covered under the Plan;
- Obtaining Covered Drugs without a Prescription Order or through the use of a forged or altered Prescription Order;
- Obtaining quantities of prescription drugs in excess of Medically Necessary or prudent standards of use or in circumvention of the quantity limitations of the Plan;

HOW THE PLAN WORKS

- Obtaining prescription drugs using Prescription Orders for the same drugs from multiple Providers; or
- Obtaining prescription drugs from multiple Pharmacies through use of the same Prescription Order.

The fraudulent or intentionally unauthorized, abusive, or other improper use of Identification Cards by any Participant can result in, but is not limited to, the following sanctions being applied to all Participants covered under your coverage:

- Denial of benefits;
- Cancellation of coverage under the Plan for all Participants under your coverage;
- Recoupment from you or any of your covered Dependents of any benefit payments made;
- Pre-approval of drug purchases and medical services for all Participants receiving benefits under your coverage; and
- Notice to proper authorities of potential violations of law or professional ethics.

Medical Necessity

All services and supplies for which benefits are available under the Plan must be Medically Necessary as determined by BCBSTX. Charges for services and supplies which BCBSTX determines are not Medically Necessary will not be eligible for benefit consideration and may not be used to satisfy Deductibles or to apply to the Out-of-Pocket Maximum.

ParPlan

When you consult a Physician or Professional Other Provider who does not participate in the Network, you should inquire if he participates in the Carrier's *ParPlan*...a simple direct-payment arrangement. If the Physician or Professional Other Provider participates in *ParPlan*, he agrees to:

- File all claims for you,
- Accept the Carrier's Allowable Amount determination as payment for Medically Necessary services, and
- Not bill you for services over the Allowable Amount determination.

You will receive Out-of-Network Benefits and be responsible for:

- Any Deductibles,
- Coinsurance Amounts, and
- Services that are limited or not covered under the Plan.

Note: If you have a question regarding a Physician's or Professional Other Provider's participation in *ParPlan*, please contact the BCBSTX Customer Service Helpline.

Specialty Care Providers

A wide range of Specialty Care Providers is included in the Network. When you need a specialist's care, In-Network Benefits will be available, but only if you use a Network Provider.

There may be occasions however, when you need the services of an Out-of-Network Provider. This could occur if you have a complex medical problem that cannot be taken care of by a Network Provider.

- If the services you require are not available from Network Providers, In-Network Benefits will be provided when you use Out-of-Network Providers. Refer to the Allowable Amount Notice in the **NOTICES** section of this Benefit Booklet for additional information.
- If you elect to see an Out-of-Network Provider and if the services could have been provided by a Network Provider, only Out-of-Network Benefits will be available.

HOW THE PLAN WORKS

Use of Non-Contracting Providers

When you choose to receive services, supplies, or care from a Provider that does not contract with BCBSTX (a non-contracting Provider), you receive Out-of-Network Benefits (the lower level of benefits). Benefits for covered services will be reimbursed based on the BCBSTX non-contracting Allowable Amount, which in most cases is less than the Allowable Amount applicable for BCBSTX contracted Providers. Please see the definition of non-contracting Allowable Amount in the **DEFINITIONS** section of this Benefit Booklet. **The non-contracted Provider is not required to accept the BCBSTX non-contracting Allowable Amount as payment in full and may balance bill you for the difference between the BCBSTX non-contracting Allowable Amount and the non-contracting Provider's billed charges. You will be responsible for this balance bill amount, which may be considerable.** You will also be responsible for charges for services, supplies and procedures limited or not covered under the Plan and any applicable Deductibles, Coinsurance Amounts, and Copayment Amounts.

UTILIZATION MANAGEMENT

Utilization Management

Utilization management may be referred to as Medical Necessity reviews, utilization review (UR) or medical management reviews. Requirements for Medical Necessity may vary based upon your Plan benefits. Medical Necessity reviews may occur when a Provider requests an authorization prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. However, some services may require a Prior Authorization before the start of services.

Types of Utilization Management:

- Prior Authorization;
- Post-Service Medical Necessity Reviews.

Refer to the definition of Medical Necessity or Medically Necessary in the **DEFINITIONS** section of this Benefit Booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

Prior Authorization Requirements

Prior Authorization establishes in advance the Medical Necessity or Experimental/Investigational nature of certain care and services covered under this Plan. It ensures that the care and services described below for which you have obtained Prior Authorization will not be denied on the basis of Medical Necessity or Experimental/Investigational. Prior Authorization processes will be conducted in accordance with Texas Insurance Code, chapter 4201 or in accordance with the laws in the state of Texas. However, Prior Authorization does not guarantee payment of benefits. Actual availability of benefits is always subject to other requirements of the Plan, such as limitations and exclusions, payment of premium, and eligibility at the time care and services are provided. For additional information and a current list of medical and health care services that require Prior Authorization, please visit the website at www.bcbstx.com.

The following types of services require Prior Authorization:

- All inpatient admissions;
- Extended Care Expense;
- Home Infusion Therapy;
- Home Hospice;
- Outpatient radiation therapy;
- All inpatient treatment of Chemical Dependency (SUD), and Serious Mental Illness and Mental Health Care, including partial hospitalization programs and treatment received at Residential Treatment Centers;
- If you transfer to another facility or to or from a specialty unit within the facility;
- The following outpatient treatment of Chemical Dependency (SUD), and Serious Mental Illness and Mental Health Care:
 - Psychological Testing or Neuropsychological Testing in some cases (BCBSTX will notify your Provider if Prior Authorization is required for these testing services);
 - Neuropsychological testing;
 - Electroconvulsive therapy;
 - Repetitive transcranial magnetic stimulation;

UTILIZATION MANAGEMENT

- Applied behavior analysis (Please see coverage details as described in the *Benefits for Autism Spectrum Disorder* in the **COVERED MEDICAL SERVICES** section of this Benefit Booklet.);
- Intensive Outpatient Program.

Intensive Outpatient Program means a freestanding or Hospital-based program that provides services for at least three hours per day, two or more days per week, to treat mental illness, drug addiction, substance abuse or alcoholism, or specializes in the treatment of co-occurring mental illness with drug addiction, substance abuse or alcoholism. These programs offer integrated and aligned assessment, treatment and discharge planning services for treatment of severe or complex co-occurring conditions which make it unlikely that the Participants will benefit from programs that focus solely on mental illness conditions.

Your Network Provider is required to obtain Prior Authorization for inpatient Hospital Admissions. You are responsible for satisfying all other Prior Authorization requirements. This means that you must ensure that you, an authorized representative, your Physician, Behavioral Health Practitioner or Provider of services must comply with the guidelines below. Failure to obtain Prior Authorization of services will require additional steps and/or benefit reductions as described in the section entitled *Failure to Obtain Prior Authorization*.

Prior Authorization for Inpatient Admissions

In order to receive maximum benefits, Your Provider must obtain Prior Authorization from the Plan for inpatient admissions. In the case of an elective inpatient admission, it is recommended that the call for Prior Authorization should be made at least two working days before you are admitted unless it would delay Emergency Care. In an emergency, it is recommended that Prior Authorization should take place within two working days after admission, or as soon thereafter as reasonably possible.

Your Network Provider is required to obtain Prior Authorization for any inpatient admissions. If Prior Authorization is not obtained, the Network Provider will be sanctioned based on BCBSTX's contractual agreement with the Provider, and you will be held harmless for the Provider sanction.

If the Physician or Provider of services is not a Network Provider then you, your Physician, Provider of services, or an authorized representative should obtain Prior Authorization by the Plan by calling one of the toll-free numbers shown on the back of your Identification Card. The call should be made between 6:00 a.m. and 6:00 p.m., Central Time, on business days and 9:00 a.m. and 12:00 p.m., Central Time on Saturdays, Sundays and legal holidays. Calls made after these hours will be recorded and returned not later than 24 hours after the call is received. We will follow up with your Provider's office. After working hours or on weekends, please call the **Medical Prior Authorization Helpline** toll-free number listed on the back of your Identification Card. Your call will be recorded and returned the next working day. A benefits management nurse will follow up with your Provider's office. All timelines for Prior Authorization requirements are provided in keeping with applicable state and federal regulations.

In-Network Benefits will be available if you use a Network Provider or Network Specialty Care Provider. If you elect to use Out-of-Network Providers for services and supplies available In-Network, Out-of-Network Benefits will be paid. In-Network and Out-of-Network Providers may obtain Prior Authorization of services for you, when required, but, with the exception of inpatient admissions, it is your responsibility to ensure Prior Authorization requirements are satisfied.

However, if care is not reasonably available from Network Providers as defined by applicable law, and BCBSTX authorizes your visit to an Out-of-Network Provider to be covered at the In-Network Benefit level **prior to the visit**, In-Network Benefits will be paid; otherwise, Out-of-Network Benefits will be paid.

When Prior Authorization of an inpatient admission is obtained, a length-of-stay is assigned. Your Provider may seek an extension for the additional days if you require a longer stay. Benefits will not be available for room and

UTILIZATION MANAGEMENT

board charges for medically unnecessary days. For more information regarding lengths of stay, refer to the **Length of Stay/Service Review** subsection of this Benefit Booklet.

Prior Authorization not Required for Maternity Care and Treatment of Breast Cancer Unless Extension of Minimum Length of Stay Requested

Your Plan is required to provide a minimum length of stay in a Hospital facility for the following:

- Maternity Care
 - 48 hours following an uncomplicated vaginal delivery
 - 96 hours following an uncomplicated delivery by caesarean section
- Treatment of Breast Cancer
 - 48 hours following a mastectomy
 - 24 hours following a lymph node dissection

You or your Provider will not be required to obtain Prior Authorization from BCBSTX for a length of stay less than 48 hours (or 96 hours) for Maternity Care or less than 48 hours (or 24 hours) for Treatment of Breast Cancer. If you require a longer stay, you or your Provider must seek an extension for the additional days by obtaining Prior Authorization from BCBSTX.

Prior Authorization for Extended Care Expense and Home Infusion Therapy

Prior Authorization for Extended Care Expense and Home Infusion Therapy may be obtained by having the agency or facility providing the services contact BCBSTX to request Prior Authorization. The request should be made:

- Prior to initiating Extended Care Expense or Home Infusion Therapy;
- When an extension of the service is required; and
- When the treatment plan is altered.

BCBSTX will review the information submitted prior to the start of Extended Care Expense or Home Infusion Therapy and will send a letter to you and the agency or facility confirming Prior Authorization or denying benefits. If Extended Care Expense or Home Infusion Therapy is to take place in less than one week, the agency or facility should call the BCBSTX **Medical Prior Authorization Helpline** telephone number indicated in this Benefit Booklet or shown on your Identification Card.

If BCBSTX has given notification that benefits for the treatment plan requested will be denied based on information submitted, claims will be denied.

Prior Authorization for Chemical Dependency (SUD), Serious Mental Illness and Mental Health Care

In order to receive maximum benefits, you must obtain Prior Authorization from the Plan for all inpatient treatment for Chemical Dependency (SUD), Serious Mental Illness, and Mental Health Care. Prior Authorization is also required for certain outpatient services. Outpatient services requiring Prior Authorization include psychological testing, neuropsychological testing, repetitive transcranial magnetic stimulation, Intensive Outpatient Programs, applied behavior analysis and electroconvulsive therapy. BCBSTX will notify your provider if Prior Authorization is required for Psychological Testing or Neuropsychological Testing. Prior Authorization is not required for therapy visits to a Physician, Behavioral Health Practitioner and/or Professional Other Provider.

It is recommended that you obtain Prior Authorization of services received from an In-Network Provider or Out-of-Network Provider 2 business days prior to receipt of the service (this excludes admissions deemed emergent). To initiate Prior Authorization requirements, you, an authorized representative or your Behavioral Health Practitioner must call the **Mental Health/Chemical Dependency (SUD) Prior Authorization Helpline** toll-free number indicated in this Benefit Booklet or shown on your Identification Card. The **Mental Health/Chemical Dependency (SUD) Preauthorization Helpline** is available 24 hours a day, 7 days a week. All timelines for Prior

UTILIZATION MANAGEMENT

Authorization requirements are provided in keeping with applicable state and federal regulations.

In-Network Benefits will be available if you use a Network Provider or Network Specialty Care Provider. If you elect to use Out-of-Network Providers for services and supplies available In-Network, Out-of-Network Benefits will be paid. In-Network and Out-of-Network Providers may obtain Prior Authorization for services for you, when required, but it is your responsibility to ensure Prior Authorization requirements are satisfied.

However, if care is not reasonably available from Network Providers as defined by applicable law, and BCBSTX authorizes your visit to an Out-of-Network Provider to be covered at the In-Network Benefit level **prior to the visit**, In-Network Benefits will be paid; otherwise, Out-of-Network Benefits will be paid.

When you obtain Prior Authorization for a treatment or service, a length of stay or length of service is assigned. If you require a longer stay or length of service, your Behavioral Health Practitioner may seek an extension for the additional days or visits. Benefits will not be available for medically unnecessary treatments or services.

Prior Authorization Renewal Process

Renewal of an existing Prior Authorization issued by BCBSTX can be requested by a Physician or health care Provider up to 60 days prior to the expiration of the existing Prior Authorization.

Length of Stay/Service Review

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations and exclusions under this Plan.

Upon completion of the preadmission or emergency admission review, BCBSTX will send you a letter confirming that you or your representative called BCBSTX. A letter authorizing a length of service or length of stay will be sent to you, your Physician, Provider of services, and/or the Hospital or facility.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care services are Medically Necessary. If the extension is determined not to be Medically Necessary, the coverage for the length of stay/service will not be extended, except as otherwise described in the **CLAIM FILING AND APPEALS PROCEDURES** section of this Benefit Booklet.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to BCBSTX for continued services. If you, your Provider or authorized representative requests to extend care beyond the approved time limit and it is a request involving Urgent Care or an ongoing course of treatment, BCBSTX will make a determination on the request as soon as possible (taking into account medical exigencies) but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

Post-Service Medical Necessity Review

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms your eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Review request. A Post-Service Medical Necessity Review may be available when a Prior Authorization was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

UTILIZATION MANAGEMENT

1. No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Plan. Post-Service Medical Necessity Review does not guarantee payment of benefits by BCBSTX, for instance you may become ineligible as of the date of service or your benefits may have changed as of the date of service.

2. Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from your Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by BCBSTX to make a determination of coverage pursuant to the terms and conditions of this Plan.

Failure to Obtain Prior Authorization

If Prior Authorization for inpatient admissions, Extended Care Expense, Home Infusion Therapy, all inpatient and the above specified outpatient treatment of Chemical Dependency (SUD), Serious Mental Illness, and Mental Health Care is not obtained:

- BCBSTX will review the Medical Necessity of your treatment or service prior to the final benefit determination;
- If BCBSTX determines the treatment or service is not Medically Necessary or is Experimental/Investigational, benefits will be reduced or denied;
- You may be responsible for a penalty in connection with the following Covered Services, if indicated on your Schedule of Coverage:
 - Inpatient Hospital Admission;
 - Inpatient treatment of Chemical Dependency (SUD), or Serious Mental Illness, or Mental Health Care;
 - Outpatient treatment of Extended Care Expense, Home Infusion Therapy or outpatient surgery in an out-of-network Hospital or ambulatory surgical center.

Network Providers are responsible for satisfying the Prior Authorization requirements for any Inpatient Hospital Admissions. If Prior Authorization is not obtained, the Network Provider will be sanctioned based on the BCBSTX contractual agreement with the Provider, and no penalty charges will be deducted.

The penalty charge will be deducted from any benefit payment which may be due for Covered Services.

CLAIM FILING AND APPEALS PROCEDURES

CLAIM FILING PROCEDURES

Filing of Claims Required

Notice of Claim

You must give written notice to BCBSTX within 20 days, or as soon as reasonably possible, after any Participant receives services for which benefits are provided under the Plan. Failure to give notice within this time will not invalidate or reduce any claim if you show that it was not reasonably possible to give notice and that notice was given as soon as it was reasonably possible.

Claim Forms

When BCBSTX receives notice of claim, it will furnish to you, or to the Group for delivery to you, the Hospital, or your Physician or Professional Other Provider, the claim forms that are usually furnished by it for filing Proof of Loss. If the forms are not furnished within 15 days after receipt of notice by BCBSTX, you have complied with the requirements of the Plan for Proof of Loss by submitting, within the time fixed under the Plan for filing Proof of Loss, written proof covering the occurrence, the character, and the extent of the loss for which claim is made.

BCBSTX must receive claims prepared and submitted in the proper manner and form, in the time required, and with the information requested before it can consider any claim for payment of benefits.

Who Files Claims

Providers that contract with BCBSTX and some other health care Providers (such as *ParPlan* Providers) will submit your claims directly to BCBSTX for services provided to you or any of your covered Dependents. At the time services are provided, inquire if they will file claim forms for you. To assist Providers in filing your claims, you should carry your Identification Card with you.

Contracting Providers

When you receive treatment or care from a Provider or Covered Drugs dispensed from a Pharmacy that contracts with BCBSTX, you will generally not be required to file claim forms. The Provider will usually submit the claims directly to BCBSTX for you.

Non-Contracting Providers

When you receive treatment or care from a health care Provider or Covered Drugs dispensed from a Pharmacy that does not contract with BCBSTX, you may be required to file your own claim forms. Some Providers, however, will do this for you. If the Provider does not submit claims for you, refer to the subsection entitled ***Participant-filed claims*** below for instruction on how to file your own claim forms.

Mail-Order Program

When you receive Covered Drugs dispensed through the Mail-Order Program, you must complete and submit the mail service prescription drug claim form to the address on the claim form. Additional information may be obtained from the Group, from the Carrier, off of the BCBSTX website at www.bcbstx.com/member/rx_drugs.html, or by calling the Customer Service Helpline at the toll-free number on your Identification Card.

Participant-filed claims

- **Medical Claims**
If your Provider does not submit your claims, you will need to submit them to BCBSTX using a Subscriber-filed claim form provided by BCBSTX. Your Group should have a supply of claim forms or you can obtain copies from the BCBSTX website at www.bcbstx.com, or by calling Customer Service at the toll-free number on your Identification Card. Follow the instructions on the reverse side of the form to complete the claim. Remember to file each Participant's expenses separately because any Deductibles, maximum benefits, and other provisions are applied to each Participant separately. Include itemized bills from the health care Providers, labs, etc., printed on their letterhead and showing the services performed, dates of service, charges, and name of the Participant involved.
- **Prescription Drug Claims**

CLAIM FILING AND APPEALS PROCEDURES

When you receive Covered Drugs dispensed from a non-Participating Pharmacy, a *Prescription Reimbursement Claim Form* must be submitted. This form can be obtained from the Carrier, at www.bcbstx.com, or by calling Customer Service at the toll-free number on your Identification Card, or the Group. This claim form, accompanied by an itemized bill obtained from the Pharmacy showing the prescription services you received, should be mailed to the address shown below or on the claim form.

Instructions for completing the claim form are provided on the back of the form. You may need to obtain additional information, which is not on the receipt from the pharmacist, to complete the claim form.

Bills for Covered Drugs should show the name, address, and telephone number of the pharmacy, a description and quantity of the drug, the prescription number, the date of purchase and most importantly, the name of the Participant using the drug. Additional information may be required.

Who Receives Payment

Benefit payments will be made directly to contracting Providers when they bill BCBSTX. Written agreements between BCBSTX and some Providers may require payment directly to them. Any benefits payable to you, if unpaid at your death, will be paid to your beneficiary or to your estate, if no beneficiary is named.

Except as provided in the section **Assignment and Payment of Benefits**, rights and benefits under the Plan are not assignable, either before or after services and supplies are provided.

Benefit Payments to a Managing Conservator

Benefits for services provided to your minor Dependent child may be paid to a third party if:

- the third party is named in a court order as managing or possessory conservator of the child; and
- BCBSTX has not already paid any portion of the claim.

In order for benefits to be payable to a managing or possessory conservator of a child, the managing or possessory conservator must submit to BCBSTX, with the claim form, proof of payment of the expenses and a certified copy of the court order naming that person the managing or possessory conservator.

BCBSTX may deduct from its benefit payment any amounts it is owed by the recipient of the payment. Payment to you or your Provider, or deduction by BCBSTX from benefit payments of amounts owed to BCBSTX, will be considered in satisfaction of its obligations to you under the Plan.

An *Explanation of Benefits* summary is sent to you so you will know what has been paid.

When to Submit Claims

All claims for benefits under the Plan must be properly submitted within 90 days of the date you receive the services or supplies. Claims not submitted and received by BCBSTX within twelve (12) months after that date will not be considered for payment of benefits except in the absence of legal capacity.

CLAIM FILING AND APPEALS PROCEDURES

Receipt of Claims by BCBSTX

A claim will be considered received by BCBSTX for processing upon actual delivery to the BCBSTX Administrative Office in the proper manner and form and with all of the information required. If the claim is not complete, it may be denied or BCBSTX may contact either you or the Provider for the additional information.

REVIEW OF CLAIM DETERMINATIONS

Claim Determinations

When BCBSTX receives a properly submitted claim, it has authority and discretion under the Plan to interpret and determine benefits in accordance with the Plan provisions. You have the right to seek and obtain a review by BCBSTX of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by BCBSTX of your benefits under the Plan.

Note: If BCBSTX is seeking to discontinue coverage of prescription drugs or intravenous infusions for which you are receiving health benefits under the Plan, you will be notified no later than the 30th day before the date on which coverage will be discontinued.

If a Claim Is Denied or Not Paid in Full

If the claim is denied in whole or in part, you will receive a written notice from BCBSTX with the following information, if applicable:

- The reasons for the determination;
- A reference to the benefit Plan provisions on which the determination is based, or the contractual, administrative or protocol basis for the determination;
- A description of additional information which may be necessary to perfect the claim and an explanation of why such material is necessary;
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care provider, claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- An explanation of BCBSTX's internal review/appeals and external review processes (and how to initiate a review/appeal or external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final denial on internal review/appeal;
- In certain situations, a statement in non-English language(s) that written notice of claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by BCBSTX;
- The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;
- Any internal rule, guideline, protocol or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- An explanation of the scientific or clinical judgment relied on in the determination as applied to claimant's medical circumstances, if the denial was based on Medical Necessity, experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request;
- In the case of a denial of an Urgent Care Clinical Claim, a description of the expedited review procedure applicable to such claim. An Urgent Care Clinical Claim decision may be provided orally, so long as a written notice is furnished to the claimant within 3 days of oral notification; and
- Contact information for applicable office of health insurance consumer assistance or ombudsman.

CLAIM FILING AND APPEALS PROCEDURES

Timing of Required Notices and Extensions

Separate schedules apply to the timing of required notices and extensions, depending on the type of claim. There are three types of claims as defined below.

- **Urgent Care Clinical Claim** is any Pre-Service Claim that requires Prior Authorization, as described in this Benefit Booklet, for benefits for medical care or treatment with respect to which the application of regular time periods for making health claim decisions could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment.
- **Pre-Service Claim** is any non-urgent request for benefits or a determination with respect to which the terms of the benefit Plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.
- **Post-Service Claim** is notification in a form acceptable to BCBSTX that a service has been rendered or furnished to you. This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the claim charge, and any other information which BCBSTX may request in connection with services rendered to you.

Urgent Care Clinical Claims*

Type of Notice or Extension	Timing
If your claim is incomplete, BCBSTX must notify you within:	24 hours
If you are notified that your claim is incomplete, you must then provide completed claim information to BCBSTX within:	48 hours after receiving notice
<i>BCBSTX must notify you of the claim determination (whether adverse or not):</i>	
if the initial claim is complete as soon as possible (taking into account medical exigencies), but no later than:	72 hours
if your claim involves post-stabilization treatment subsequent to emergency treatment or a life-threatening condition, BCBSTX will issue and transmit a determination indicating whether proposed services are preauthorized within:	the time appropriate to the circumstances relating to the delivery of the services and your condition, but in no case to exceed one hour from the receipt of the request*

- * If the request is received outside the period during which BCBSTX is required to have personnel available to provide determinations, BCBSTX will make the determination within one hour from the beginning of the next time period requiring appropriate personnel to be available. You do not need to submit Urgent Care Clinical Claims in writing. You should call BCBSTX at the toll-free number listed on the back of your Identification Card as soon as possible to submit an Urgent Care Clinical Claim.

Note: If a proposed medical care or health care service requires Prior Authorization by BCBSTX, a determination will be issued no later than the third calendar day after BCBSTX's receipt of the request. If you are an inpatient in a healthcare facility at the time the services are proposed, BCBSTX will issue the determination within 24 hours after BCBSTX receives the request.

Pre-Service Claims

Type of Notice or Extension	Timing
If BCBSTX has received all information necessary to complete the review, BCBSTX must notify you within:	2 working days of or our receipt of the complete claim or 3 calendar

CLAIM FILING AND APPEALS PROCEDURES

	days of the request, whichever is sooner, if the claim is approved; and 3 calendar days of the request, if the claim is denied.
If you require post-stabilization care after an Emergency within:	the time appropriate to the circumstance not to exceed one hour after the time of request

Note: For claims involving services related to Acquired Brain Injury, BCBSTX will issue the determination no later than 3 calendar days after BCBSTX receives the request.

Post-Service Claims (Retrospective Review)

Type of Notice or Extension	Timing
If your claim is incomplete, BCBSTX must notify you within:	30 days
If you are notified that your claim is incomplete, you must then provide completed claim information to BCBSTX within:	45 days after receiving notice
<i>BCBSTX must notify you of any adverse claim determination:</i>	
if the initial claim is complete, within:	30 days
after receiving the completed claim (if the initial claim is incomplete), within:	45 days, if BCBSTX extended the period, less any days already utilized by BCBSTX during the review

- * This period may be extended one time by BCBSTX for up to 15 days, provided that BCBSTX both (1) determines that such an extension is necessary due to matters beyond the control of the Plan and (2) notifies you in writing, prior to the expiration of the initial 30-day period, of the circumstances requiring the extension of time and the date by which BCBSTX expects to render a decision. If the period is extended because BCBSTX requires additional information from you or your Provider, the period for BCBSTX making the determination is tolled from the date BCBSTX sends notice of extension to you until the earlier of: i) the date on which BCBSTX receives the information; or ii) the date by which the information was to be submitted.

Concurrent Care

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your claim for benefits.

Claim Appeal Procedures

Claim Appeal Procedures - Definitions

An “**Adverse Benefit Determination**” means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide in response to a claim, Pre-Service Claim or Urgent Care Clinical Claims, or make payment for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental/Investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by BCBSTX and BCBSTX reduces or terminates such treatment (other than by amendment or termination of the benefit Plan or termination of an Employer Member’s participation in the Contractholder’s Group) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination.

CLAIM FILING AND APPEALS PROCEDURES

Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An “expedited clinical appeal” is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care provider, the denial of emergency care or continued hospitalization, the denial of a Step Therapy exception request, or the discontinuance by BCBSTX of prescription drugs or intravenous infusions for which you were receiving health benefits under the Plan. Before authorization of benefits for an ongoing course of treatment/continued hospitalization is terminated or reduced, BCBSTX will provide you with notice and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, BCBSTX will notify the party filing the appeal, as soon as possible, but in no event later than 24 hours after submission of the appeal, of all the information needed to review the appeal. BCBSTX will render a decision on the appeal within 24 hours after it receives the requested information, but no later than 72 hours after the appeal has been received by BCBSTX.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a full and fair review of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by BCBSTX in accordance with the benefits and procedures detailed in your Plan. An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care provider may appeal on his/her own behalf. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call BCBSTX at the number on the back of your Identification Card. If you believe BCBSTX incorrectly denied all or part of your benefits, you may have your claim reviewed. BCBSTX will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to BCBSTX to request a claim review. BCBSTX will need to know the reasons why you do not agree with the Adverse Benefit Determination. Send your request to:

Claim Review Section
Blue Cross and Blue Shield of Texas
P. O. Box 660044
Dallas, Texas 75266-0044

- BCBSTX will honor telephone requests for information; however, such inquiries will not constitute a request for review.
- In support of your claim review, you have the option of presenting evidence and testimony to BCBSTX. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the claim review process.

BCBSTX will provide you or your authorized representative with any new or additional evidence or rationale and any other information and documents used in the review of your claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial Adverse Benefit Determination. Such new or additional evidence or rationale will be provided to you or your authorized representative sufficiently in advance of the date a final decision on appeal is made in order to give you a chance to respond. If the initial benefit determination regarding the claim is based in whole or in part on a medical judgment, the appeal determination will be made by a Physician associated or contracted with BCBSTX and/or by external advisors, but who were not involved in making the initial denial of your claim.

- If you have any questions about the claims procedures or the review procedure, write to BCBSTX’s Administrative Office or call the toll-free Customer Service Helpline number shown in this Benefit Booklet or on your Identification Card.

CLAIM FILING AND APPEALS PROCEDURES

- This appeal process does not prohibit you from pursuing civil action available under the law.
- If you have a claim for benefits which is denied or ignored, in whole or in part, and your Plan is governed by the Employee Retirement Income Security Act (ERISA), you may file suit under 502 (a) of ERISA.

Timing of Appeal Determinations

BCBSTX will render a determination of the non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 30 days after the appeal has been received by BCBSTX.

BCBSTX will render a determination of the post-service appeal as soon as practical, but in no event more than 60 days after the appeal has been received by BCBSTX.

Notice of Appeal Determination

BCBSTX will notify the party filing the appeal, you, and, if a clinical appeal, any health care provider who recommended the services involved in the appeal, by a written notice of the determination.

The written notice to you or your authorized representative will include:

- The reasons for the determination;
- A reference to the benefit Plan provisions on which the determination is based, and the contractual, administrative or protocol basis for the determination;
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care provider, claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- An explanation of BCBSTX's external review processes (and how to initiate an external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final denial on external appeal;
- In certain situations, a statement in non-English language(s) that written notice of claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by BCBSTX;
- The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;
- Any internal rule, guideline, protocol or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
- A description of the standard that was used in denying the claim and a discussion of the decision; and

CLAIM FILING AND APPEALS PROCEDURES

- Contact information for applicable office of health insurance consumer assistance or ombudsman.

If BCBSTX denies your appeal, in whole or in part, or you do not receive a timely decision, you may be able to request an external review of your claim by an independent third party, who will review the denial and issue a final decision. Your external review rights are described in the *How to Appeal a Final Internal Adverse Determination to an Independent Review Organization (IRO)* section below.

How to Appeal a Final Internal Adverse Determination to an Independent Review Organization (IRO)

An “**Adverse Determination**” means a determination by BCBSTX or its designated utilization review organization that an admission, availability of care, continued stay, or other health care service that is a covered service has been reviewed and, based upon the information provided, is determined to be Experimental/Investigational, or does not meet BCBSTX’s requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness, and the requested service or payment for the service is therefore denied, reduced, or terminated.

A “**Final Internal Adverse Benefit Determination**” means an Adverse Benefit Determination that has been upheld by BCBSTX at the completion of BCBSTX’s internal review/appeal process.

This procedure (not part of the complaint process) pertains only to appeals of Adverse Determinations. In addition, in life-threatening, urgent care circumstances or if BCBSTX has discontinued coverage of prescription drugs or intravenous infusions for which you were receiving health benefits under the Plan, you are entitled to an immediate appeal to an IRO and are not required to comply with BCBSTX’s appeal of an Adverse Determination process.

Any party whose appeal of an Adverse Determination is denied by BCBSTX may seek review of the decision by an IRO. At the time the appeal is denied, BCBSTX will provide you, your designated representative or Provider of record, information on how to appeal the denial, including the approved form, which you, your designated representative, or your Provider of record must complete and submit within four (4) months after your receipt of the Adverse Determination. In life-threatening, urgent care situations, the denial of a Step Therapy exception request, or if BCBSTX has discontinued coverage of prescription drugs or intravenous infusions for which you were receiving health benefits under the Plan, you, your designated representative, or your Provider of record may contact BCBSTX by telephone to request the review and provide the required information.

- BCBSTX will submit medical records, names of Providers and any documentation pertinent to the decision of the IRO.
- BCBSTX will comply with the decision by the IRO.
- BCBSTX will pay for the independent review.

Upon request and free of charge, you or your designee may have reasonable access to, and copies of, all documents, records and other information relevant to the claim or appeal, including:

- Information relied upon to make the decision;
- Information submitted, considered or generated in the course of making the decision, whether or not it was relied upon to make the decision;
- Descriptions of the administrative process and safeguards used to make the decision;
- Records of any independent reviews conducted by BCBSTX;
- Medical judgments, including whether a particular service is Experimental/Investigational or not Medically Necessary or appropriate; and
- Expert advice and consultation obtained by BCBSTX in connection with the denied claim, whether or not the advice was relied upon to make the decision.

The appeal process does not prohibit you from pursuing other appropriate remedies, including: injunctive relief; a declaratory judgment or other relief available under law, if the requirement to exhaust the process for appeal and

CLAIM FILING AND APPEALS PROCEDURES

review places your health in serious jeopardy. If your Plan is governed by the Employee Retirement Income Security Act (ERISA), you have the right to bring civil action under 502(a) of ERISA.

Interpretation of Employer's Plan Provisions

The operation and administration of the Plan require uniformity regarding the intent of the Plan and the interpretation of the Plan provisions. Your Employer has given BCBSTX full and complete authority and discretion to make decisions regarding the Plan provisions and determining questions of eligibility and benefits.

Actions Against BCBSTX

No lawsuit or action in law or equity may be brought by you or on your behalf prior to the expiration of 60 days after Proof of Loss has been filed in accordance with the requirement of the Plan and no such action will be brought at all unless brought within three years from the expiration of the time within which Proof of Loss is required by the Plan.

ELIGIBLE EXPENSES, PAYMENT OBLIGATIONS, AND BENEFITS

Eligible Expenses

The Plan provides coverage for the following categories of Eligible Expenses:

- Inpatient Hospital Expenses;
- Medical-Surgical Expenses;
- Extended Care Expenses;
- Special provisions expenses; and
- Pharmacy expenses.

Wherever Schedule of Coverage is mentioned, please refer to the Schedule(s) in this Benefit Booklet. Your benefits are calculated on a Calendar Year benefit period basis unless otherwise stated. At the end of a Calendar Year, a new benefit period starts for each Participant.

Copayment Amounts

Some of the care and treatment you receive under the Plan will require that a Copayment Amount be paid at the time you receive the services. Refer to your Schedule of Coverage under “Copayment Amounts Required” for your specific Plan information.

A Primary Care Copayment Amount, as indicated on your Schedule of Coverage, will be required for each office visit charge you incur when services are rendered by a family practitioner, an obstetrician/gynecologist, a pediatrician, a Behavioral Health Practitioner, an internist, and a Physician Assistant or Advanced Practice Nurse who works under the supervision of one of these listed Physicians.

A Specialty Copayment Amount, as indicated on your Schedule of Coverage, will be required for each office visit charge you incur:

- When services are rendered by a Specialty Care Provider (as classified by the American Board of Medical Specialist as a Specialty Care Provider); or
- When services are rendered by any other Professional Other Provider as defined in the **DEFINITIONS** section of this Benefit Booklet; with the exception of services provided by a Physician Assistant or Advanced Practice Nurse as described in the preceding paragraph.

If the services provided by your Physician require a return office visit (lab services for instance) on a different day, a new Copayment Amount will be required. A Copayment Amount will be required for the initial office visit for Maternity Care, but will not be required for subsequent visits.

The following services are not payable under this Copayment Amount provision but instead are considered Medical-Surgical Expense, subject to the Coinsurance Amounts and may be subject to any Deductible shown on your Schedule of Coverage:

- Surgery performed in the Physician’s office;
- Physical therapy billed separately from an office visit;
- Occupational modalities in conjunction with physical therapy;
- Allergy injections billed separately from an office visit;
- Any services requiring Prior Authorization;
- Certain Diagnostic Procedures; and
- Outpatient treatment therapies or services such as radiation therapy, chemotherapy, and renal dialysis.

A Copayment Amount, will be required for each visit to an Urgent Care center. If the services provided require a return visit (lab services for instance) on a different day, a new Copayment Amount will be required. The following services are not payable under this Copayment Amount provision but instead are

ELIGIBLE EXPENSES, PAYMENT OBLIGATIONS, AND BENEFITS

considered Medical-Surgical Expense, subject to the Deductible, if applicable, and Coinsurance Amounts shown on your Schedule of Coverage:

- Surgery performed in the Urgent Care center;
- Physical therapy billed separately from an Urgent Care visit;
- Occupational modalities in conjunction with physical therapy;
- Allergy injections billed separately from an Urgent Care visit;
- Any services requiring Prior Authorization;
- Certain Diagnostic Procedures; and
- Outpatient treatment therapies or services such as radiation therapy, chemotherapy, and renal dialysis.

A Copayment Amount, if shown on your Schedule of Coverage, will be required for each visit to a Retail Health Clinic.

A Copayment Amount, if shown on your Schedule of Coverage, will be required for each Virtual Visit.

A Copayment Amount will be required for facility charges for each Hospital outpatient emergency room/treatment room visit. If admitted to the Hospital as a direct result of the emergency condition or accident, the Copayment Amount will be waived, and Inpatient Hospital Expenses will apply.

Deductible(s)

The benefits of the Plan will be available after satisfaction of the applicable Deductible(s) as shown on your Schedule of Coverage. The Deductible(s) are explained as follows:

Per-admission Deductible: The per-admission Deductible shown under “Deductibles” on your Schedule of Coverage will apply to **each** inpatient Hospital Admission of a Participant.

Calendar Year Deductible: The individual Deductible amount shown under “Deductibles” on your Schedule of Coverage must be satisfied by each Participant under your coverage each Calendar Year. This Deductible, unless otherwise indicated, will be applied to all categories of Eligible Expenses before benefits are available under the Plan.

The following are exceptions to the Deductible(s) described above.

Your Schedule of Coverage indicates “Three-Month Deductible carryover applies.” This means that any Eligible Expenses incurred during the last three months of a Calendar Year and applied toward satisfaction of the Calendar Year Deductible for that Calendar Year may be applied toward satisfaction of that Deductible for the following Calendar Year.

If you have several covered Dependents, all charges used to apply toward an “individual” Deductible amount will be applied toward the “family” Deductible amount shown on your Schedule of Coverage. When that family Deductible amount is reached, no further individual Deductibles will have to be satisfied for the remainder of that Calendar Year. No Participant will contribute more than the individual Deductible amount to the “family” Deductible amount.

Eligible Expenses applied toward satisfying the “individual” and “family” In-Network Deductible will only apply to the In-Network Deductible. Eligible Expenses applied toward satisfying the “individual” and “family” Out-of-Network Deductible will only apply to the Out-of-Network Deductible.

ELIGIBLE EXPENSES, PAYMENT OBLIGATIONS, AND BENEFITS

Out-of-Pocket Maximum

Most of your Eligible Expense payment obligations are applied to the Out-of-Pocket Maximum.

The Out-of-Pocket Maximum will not include:

- Services, supplies, or charges limited or excluded by the Plan;
- Expenses not covered because a benefit maximum has been reached;
- Any Eligible Expenses paid by the Primary Plan when BCBSTX is the Secondary Plan for purposes of coordination of benefits;
- Penalties applied for failure to obtain Prior Authorization; and
- Any additional charge for Non-Participating Pharmacy will not apply to your Out-of-Pocket Maximums.

Individual Out-of-Pocket Maximum

When the Out-of-Pocket Maximum amount for the In-Network or Out-of-Network Benefits level for a Participant in a Calendar Year equals the “individual” “Out-of-Pocket Maximum” shown on your Schedule of Coverage for that level, the benefit percentages automatically increase to 100% for purposes of determining the benefits available for additional Eligible Expenses incurred by that Participant for the remainder of that Calendar Year for that level.

Family Out-of-Pocket Maximum

When the Out-of-Pocket Maximum amount for the In-Network or Out-of-Network Benefits level for all Participants under your coverage in a Calendar Year equals the “family” Out-of-Pocket Maximum” shown on your Schedule of Coverage for that level, the benefit percentages automatically increase to 100% for purposes of determining the benefits available for additional Eligible Expenses incurred by all family Participants for the remainder of that Calendar Year for that level. No Participant will be required to contribute more than the individual Out-of-Pocket Maximum to the family Out-of-Pocket Maximum.

The following are exceptions to the Out-of-Pocket Maximum described above:

There are separate Out-of-Pocket Maximums for In-Network Benefits and Out-of-Network Benefits.

Eligible Expenses applied toward satisfying the “individual” and “family” In-Network Out-of-Pocket Maximum will only apply to the In-Network Out-of-Pocket Maximum. Eligible Expenses applied toward satisfying the “individual” and “family” Out-of-Network Out-of-Pocket Maximum will only apply to the Out-of-Network Out-of-Pocket Maximum.

Changes in Benefits

Changes to covered benefits will apply to all services provided to each Participant under the Plan. Benefits for Eligible Expenses incurred during an admission in a Hospital or Facility Other Provider that begins before the change will be those benefits in effect on the day of admission.

COVERED MEDICAL SERVICES

Inpatient Hospital Expenses

The Plan provides coverage for Inpatient Hospital Expense for you and eligible Dependents. Each inpatient Hospital Admission requires Prior Authorization. Refer to the **UTILIZATION MANAGEMENT** section of this Benefit Booklet for additional information.

The benefit percentage of your total eligible Inpatient Hospital Expense, in excess of any Deductible, shown under “Inpatient Hospital Expenses” on the Schedule of Coverage is your obligation under the Plan. The remaining unpaid Inpatient Hospital Expense, in excess of any Deductible, is BCBSTX’s obligation to pay.

Services and supplies provided by an Out-of-Network Provider will receive In-Network Benefits when those services and supplies are not available from a Network Provider provided BCBSTX acknowledges your visit to an Out-of-Network Provider **prior** to the visit. Otherwise, Out-of-Network Benefits will be paid and the claim will have to be resubmitted for review and adjustment, if appropriate.

Refer to the Schedule of Coverage for information regarding Deductibles, Copayment Amounts, coinsurance percentages and penalties for failure to obtain Prior Authorization that may apply to your coverage.

COVERED MEDICAL SERVICES

Medical Surgical Expenses

The Plan provides coverage for Medical-Surgical Expense for you and your covered Dependents. Some services require Prior Authorization. Refer to the **UTILIZATION MANAGEMENT** section of this Benefit Booklet for more information.

Copayment Amounts must be paid to your Network Physician or other Network Provider at the time you receive services.

The benefit percentages of your total eligible Medical-Surgical Expense shown under “Medical-Surgical Expenses” on the Schedule of Coverage in excess of your Copayment Amounts, Coinsurance Amounts, and any applicable Deductibles shown are your obligation under the Plan. COVERED MEDICAL SERVICES

Benefits for Emergency Care

The Plan provides coverage for Emergency Care. Services provided in an emergency room, freestanding emergency room, or other comparable facility that are not Emergency Care may be excluded from Emergency Care coverage, although these services may be covered under another benefit if applicable. If you disagree with the BCBSTX's determination in processing your benefits as non-Emergency Care instead of Emergency Care, you may call BCBSTX at the number on the back of your ID card. Please review the *Review of Claim Determinations* provision in the **CLAIM FILING AND APPEALS PROCEDURES** section of this Benefit Booklet for specific information on your right to seek and obtain a full and fair review of your claim.

Emergency Care does not require Prior Authorization. However, if reasonably possible, contact your Network Physician or Behavioral Health Practitioner before going to the emergency room/treatment room. He can help you determine if you need Emergency Care or treatment of an Accidental Injury and recommend that care. If not reasonably possible, go to the nearest emergency facility, whether or not the facility is in the Network.

Whether you require hospitalization or not, you should notify your Network Physician or Behavioral Health Practitioner within 48 hours, or as soon as reasonably possible of any emergency medical treatment so he can recommend the continuation of any necessary medical services.

Copayment Amounts will be required for facility charges for each emergency room/treatment room visit if shown on your Schedule of Coverage. If admitted for the emergency condition immediately following the visit, Prior Authorization of the inpatient Hospital Admission will be required, and Inpatient Hospital Expenses will apply.

If you continue to be treated by an Out-of-Network Provider after you receive Emergency Care and you can safely be transferred to the care of an In-Network Provider, only Out-of-Network Benefits will be available.

For Out-of-Network Emergency Care services rendered by non-contracting Providers, the Allowable Amount shall be the Plan's usual and customary rate or at a rate agreed to between BCBSTX and the non-contracting Provider, not to exceed billed charges. The Plan's usual and customary rate will be based upon our rate information for the same or similar services. The usual and customary rate should not be less than the non-contracting Allowable Amount as defined in this Plan.

Except as otherwise provided in this section, the non-contracting Allowable Amount is developed from base Medicare Participating reimbursements adjusted by a predetermined factor established by BCBSTX. Such factor shall be not less than 75% and will exclude any Medicare adjustment(s) which is/are based on information on the claim.

Notwithstanding the preceding sentence, the non-contracting Allowable Amount for Home Health Care is developed from base Medicare national per visit amounts for low utilization payment adjustment, or LUPA, episodes by Home Health discipline type adjusted for duration and adjusted by a predetermined factor established by BCBSTX. Such factor shall be not less than 75% and shall be updated on a periodic basis.

BCBSTX will utilize the same claim processing rules and/or edits that it utilizes in processing Network Provider claims for processing claims submitted by non-contracted Providers which may also alter the Allowable Amount for a particular service. Any change to the Medicare reimbursement amount will be implemented by BCBSTX within ninety (90) days after the effective date that such change is implemented by the Centers for Medicaid and Medicare Services, or its successor.

The non-contracting Allowable Amount does not equate to the Provider's billed charges and Participants receiving services from a non-contracted Provider will be responsible for the difference between the non-contracting Allowable Amount and the non-contracted Provider's billed charge, and this difference may

DEFINITIONS

be considerable. To find out the BCBSTX non-contracting Allowable Amount for a particular service, Participants may call customer service at the number on the back of your BCBSTX Identification Card.

The Allowable Amount for non-Participating Pharmacies will be based on the Participating Pharmacy contract rate.
- ***For non-Emergency Care provided by an Out-of-Network Provider when a contracting Provider is not reasonably available as defined by applicable law or when services are preapproved or have received Prior Authorization based upon the unavailability of a Preferred Provider and balance billing is not prohibited by Texas or Federal law*** – The Allowable Amount will be the Plan's usual and customary rate as defined by Texas law or as prescribed under applicable law and regulations, or at a rate agreed to between BCBSTX and the Out-of-Network Provider, not to exceed billed charges.

A pharmacist may exercise their professional judgement in refilling a Prescription Order for Insulin or Insulin-Related Equipment or Supplies without the authorization of the prescribing Health Care Practitioner in the following situations:

- The pharmacist is unable to contact your Health Care Practitioner after reasonable effort;
- The pharmacist has documentation showing the patient was previously prescribed Insulin or Insulin-Related Equipment or Supplies by a Health Care Practitioner; and
- The pharmacist assesses the patient to determine whether the emergency refill is appropriate.

The quantity of an emergency refill will be the smallest available package and will not exceed a 30-day supply.

In addition to the applicable terms provided in the **DEFINITIONS** section of the Benefit Booklet, the following terms will apply specifically to this provision.

Insulin means an insulin analog and an insulin-like medication, regardless of the activation period or whether the solution is mixed before the prescription is dispensed.

Insulin-Related Equipment or Supplies means needles, syringes, cartridge systems, prefilled pen systems, glucose meters, continuous glucose monitor supplies, and test strips but does not include insulin pumps.

You are responsible for the same Deductibles, Copayment Amounts, Coinsurance Amounts and any pricing differences that may apply to the items dispensed in the same manner as for nonemergency refills of diabetes equipment or supplies.

Insulin Drug Program

The total amount you may pay for a Covered Drug that contains insulin and is used to treat diabetes will not exceed the amount shown on your Schedule of Coverage, up to a 30-day supply, regardless of the amount or type of insulin needed to fill the Prescription Order. The preferred insulin drugs are identified on your Drug List and do not include an insulin drug administered intravenously.

Insulin drugs obtained from a non-Participating Pharmacy or not identified as a preferred insulin drug may be subject to a Copayment Amount, Coinsurance Amount, Deductibles or dollar maximums, if applicable.

Exceptions will not be made for drugs not identified as a preferred insulin drug or for an excluded drug.

Preventive Care

Prescription and over-the-counter drugs which have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force (“USPSTF”) (to be implemented in the quantities and within the time period allowed under applicable law) or as required by state law will be covered and will not be subject to any Copayment, Coinsurance, Deductible or dollar maximums when obtained from a Participating Pharmacy. Selecting a Pharmacy

Participating Pharmacy

When you go to a Participating Pharmacy:

- Present your Identification Card to the pharmacist along with your Prescription Order;
- Provide the pharmacist with the birth date and relationship of the patient; and
- Sign the insurance claim log.

Participating Pharmacies have agreed to accept as payment in full the least of:

- The billed charges;
- The Allowable Amount as determined by BCBSTX; or
- Other contractually determined payment amounts.

PHARMACY BENEFITS

You are responsible for paying any Deductibles, Copayment Amounts, Coinsurance Amounts, and any pricing differences, when applicable. You may be required to pay for limited or non-covered services. No claim forms are required.

If you are unsure whether a Pharmacy is a Participating Pharmacy, you may access our website at www.bcbstx.com or contact the Customer Service toll-free number shown on your Identification Card.

Non-Participating Pharmacy

If you have a Prescription Order filled at a non-Participating Pharmacy, you must pay the Pharmacy the full amount of its bill and submit a claim form to the Carrier with itemized receipts verifying that the Prescription Order was filled. The Plan will reimburse you for Covered Drugs less:

- The appropriate Copayment Amount, Deductible if any; and
- Any pricing differences that may apply to the Covered Drug you receive.

You will not be reimbursed for any charges over the Allowable Amount of the Covered Drugs.

Extended Prescription Drug Supply Program

Your coverage includes benefits for up to a 90-day supply of covered maintenance type drugs and diabetic supplies purchased from a Participating Pharmacy contracted with Us to take part in the extended retail prescription drug supply program (which will only include retail or mail order pharmacies). Each prescription or refill is subject to the Copayment Amount, Coinsurance Amount and any Deductible shown in your Schedule of Coverage and any applicable pricing differences.

Benefits will not be provided for more than a 30-day supply of drugs or diabetic supplies purchased from a Pharmacy not participating in the extended prescription drug supply program.

Day Supply

Benefits for Covered Drugs are provided up to the maximum day supply limit as indicated on your Schedule of Coverage. The Copayment Amounts applicable for the designated day supply of dispensed drugs are also indicated on your Schedule of Coverage. The Carrier has the right to determine the day supply. Payment for benefits covered under this Plan may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum day supply limitation.

Mail-Order Program

The mail-order program provides delivery of Covered Drugs directly to your home address. If you and your covered Dependents elect to use the mail-order service, refer to your Schedule of Coverage for applicable payment levels.

Some drugs may not be available through the mail-order program. If you have any questions about this mail-order program, need assistance in determining the amount of your payment, or need to obtain the mail-order prescription form, you may access the website at www.bcbstx.com or contact Customer Service at the toll-free number on your Identification Card. Mail the completed form, your Prescription Order(s) and payment to the address indicated on the form.

If you send an incorrect payment amount for the Covered Drug dispensed, you will: (a) receive a credit if the payment is too much; or (b) be billed for the appropriate amount if it is not enough.

Specialty Pharmacy Program

This program provides delivery of medications from the Specialty Pharmacy Provider directly to your Health Care Practitioner, administration location or to the home of the Participant.

The specialty pharmacy program delivery service offers:

PHARMACY BENEFITS

- Coordination of coverage among you, your Health Care Practitioner and BCBSTX,
- Educational materials about the patient's particular condition and information about managing potential medication side effects,
- Syringes, sharps containers, alcohol swabs and other supplies with every shipment for FDA approved self-injectable medications, and
- Access to a pharmacist for urgent medication issues 24 hours a day, 7 days a week, 365 days each year.

A list identifying these Specialty Drugs is available by accessing the website at www.bcbstx.com or by contacting Customer Service at the toll-free number on your Identification Card. Your cost will be the appropriate Drug Copayment indicated on the Schedule of Coverage and any applicable pricing differences. Although you can go to the Pharmacy of your choice, to receive maximum benefits for specialty medications, you must obtain them from an in-network Specialty Pharmacy Provider.

Your Cost

Copayment Amounts

Copayment Amounts for a Participating Pharmacy or non-Participating Pharmacy are shown on your Schedule of Coverage. The amount you pay depends on the Covered Drug dispensed.

If the Allowable Amount of the Covered Drug is less than the Copayment Amount, the Participant will pay the lower cost. When that lower cost is more than the amount you would pay if you purchased the drug without using your BCBSTX pharmacy benefits or any other source of drug benefits or discounts, you pay such purchase price.

How Brand Name Drug Pricing Difference Applies

If there is no Generic Drug for your Preferred Brand Name Drug Prescription Order, you will pay no more than the applicable Preferred Brand Name Drug Copayment Amount. If you receive a Preferred Brand Name Drug when a Generic Drug is available, your payment amount will be the sum of:

- The difference between the Allowable Amount of the Preferred Brand Name Drug and the Allowable Amount of the Generic Drug, **plus**
- The Preferred Brand Name Drug Copayment Amount.

If there is no Generic Drug for your Non-Preferred Brand Name Drug Prescription Order, you will pay no more than the applicable Non-Preferred Brand Name Drug Copayment Amount. If you receive a Non-Preferred Brand Name Drug when a Generic Drug is available, your payment amount will be the sum of:

- The difference between the Allowable Amount of the Non-Preferred Brand Name Drug and the Allowable Amount of the Generic Drug, **plus**
- The Preferred Brand Name Drug Copayment Amount.

Exceptions to this provision may be allowed for certain preventive medications (including prescription contraceptive medications) if your Health Care Practitioner submits a request to BCBSTX indicating that the Generic Drug would be medically inappropriate, along with supporting documentation. If BCBSTX grants the exception request, any difference between the Allowable Amount for the Brand Name Drug and the Generic Drug will be waived.

Member Pay the Difference

You may not be required to pay the difference in cost between the Allowable Amount of the Brand Name Drug and the Allowable Amount of the Generic Drug if there is a medical reason you need to take the Brand Name Drug and certain criteria are met. Your Health Care Practitioner can submit a request to waive the difference in cost between the Allowable Amount of the Brand Name Drug and of the Allowable Amount of the Generic Drug. In order for this request to be reviewed, your Health Care Practitioner must send in a MedWatch form to the Food and Drug

PHARMACY BENEFITS

Administration (FDA) to let them know the issues you experienced with the generic equivalent. Your Health Care Practitioner must provide a copy of this form when requesting the waiver. The FDA MedWatch form is used to document adverse events, therapeutic inequivalence/failure, product quality problems, and product use/medication error. This form is available on the FDA website. If the waiver is granted, applicable Copayments will still apply. For additional information, you may access the website at www.bcbstx.com or contact customer service at the toll-free number on your Identification Card.

If a covered prescription drug was paid for using a drug manufacturer's coupon or copay card, the coupon or copay card amount will not apply to your plan Deductible or Out-of-Pocket Maximum.

About Your Benefits

Covered Drug List

Drugs listed on the Drug List are selected by BCBSTX based upon the recommendations of a committee, which is made up of current and previously practicing Physicians and pharmacists from across the country, some of whom are affiliated with BCBSTX. The committee considers existing drugs approved by the FDA, as well as those newly FDA approved for inclusion on the Drug List. Entire drug classes are also regularly reviewed. Some of the factors committee members evaluate include each drug's safety, effectiveness, cost, and how it compares with drugs currently on the Drug List.

Positive changes (e.g., adding drugs to the Drug List, drugs moving to a lower payment tier) occur quarterly after review by the committee. Changes to the Drug List that could have an adverse financial impact to you (i.e. drug exclusion, drug moving to a higher payment tier, or drugs requiring step therapy or prior authorization) occur quarterly or annually consistent with Texas Insurance Code, 1369.0541. However, when there has been a pharmaceutical manufacturer's recall or other safety concern, changes to the Drug List may occur more frequently.

The Drug List and any modifications will be made available to you. By accessing the BCBSTX website at <https://www.bcbstx.com/member/prescription-drug-plan-information/drug-lists> or calling the customer service toll-free number on your Identification Card, you will be able to determine the Drug List that applies to you and whether a particular drug is on the Drug List.

Exception Requests

You, or your Health Care Practitioner, can ask for a Drug List exception if your drug is not on the Drug List. To request this exemption, your Health Care Practitioner can call the number on the back of your Identification Card to ask for a review. BCBSTX will conduct a review and notify you and your prescribing Health Care Practitioner of the coverage decision within 2 business days after they receive Your request for standard review.

If you have a health condition that may jeopardize your life, health, or keep you from regaining function, or your current drug therapy uses a non-covered drug, your Health Care Practitioner, may be able to ask for an expedited review process. BCBSTX will let you, and your Health Care Practitioner, know the coverage decision within 1 business day after they receive your request for an expedited review.

If the coverage request is denied, BCBSTX will let you and your Health Care Practitioner know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals process you will receive with the denial determination. You have the right to seek review by an Independent Review Organization as described in the ***How to Appeal a Final Internal Adverse Determination to an Independent Review Organization (IRO)*** section. Call the number on the back of your Identification Card if you have any questions.

Prescription Refills

PHARMACY BENEFITS

You may obtain prescription drug refills from any Pharmacy. Once every 12 months, you will be able to synchronize the start time of certain Covered Drugs used for treatment and management of a chronic illness, so they are refilled on the same schedule for a given time period. When necessary to fill a partial Prescription Order to permit synchronization, BCBSTX will prorate the Copayment Amount or Coinsurance Amount due for Covered Drugs based on the proportion of days the reduced Prescription Order covers to the regular day supply outlined in your Schedule of Coverage.

Refills for prescription eye drops to treat a chronic eye disease or condition will be refilled if (1) the original Prescription Order states that additional quantities of the eye drops are needed; (2) the refill does not exceed the total quantity of dosage units authorized by the prescribing Health Care Practitioner on the original Prescription Order, including refills; and (3) the refill is dispensed on or before the last day of the prescribed dosage period.

The refills are allowed:

- Not earlier than the 21st day after the date a Prescription Order for a 30-day supply is dispensed; or
- Not earlier than the 42nd day after the date a Prescription Order for a 60-day supply is dispensed; or
- Not earlier than the 63rd day after the date a Prescription Order for 90-day supply is dispensed.

Dispensing Limits

Dispensing limits are based upon FDA dosing recommendations and nationally recognized guidelines. Coverage limits are placed on medications in certain drug categories. Limits may include: quantity of covered medication per prescription, quantity of covered medication in a given time period, coverage only for Participants within a certain age range. Quantities of some drugs are restricted regardless of the quantity ordered by the Health Care Practitioner. To determine if a specific drug is subject to this limitation, you may access the website at www.bcbstx.com or contact Customer Service at the toll-free number on your Identification Card.

If your Health Care Practitioner prescribes a greater quantity of medication than what the dispensing limit allows, you can still get the medication. However, you will be responsible for the full cost of the prescription beyond what your coverage allows.

If you require a Prescription Order in excess of the dispensing limit established by BCBSTX, ask your Health Care Practitioner to submit a request for clinical review on your behalf. The Health Care Practitioner can obtain an override request form by accessing our website at www.bcbstx.com. Any pertinent medical information along with the completed form should be faxed to Clinical Pharmacy Programs at the fax number indicated on the form. The request will be approved or denied after evaluation of the submitted clinical information. BCBSTX has the right to determine dispensing limits. Payment for benefits covered under this Plan may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum quantity limitation.

Non-Participating Pharmacies do not file your claims electronically and, therefore, will not have this online messaging. Should you elect to have your Prescription Order filled at a non-Participating Pharmacy, it is important that you access our website at www.bcbstx.com or contact the Customer Service Helpline telephone number shown in this Benefit Booklet or on your Identification Card prior to using one of these Pharmacies since Prescription Orders obtained through a non-Participating Pharmacy may be denied for reimbursement based upon this criteria.

Split Fill Program

If this is your first time using select medications (e.g. oral cancer medications) or you have not filled one of these medications recently, you may only be able to receive a partial fill (14-15 day supply) of the medication for up to the first 3 months of therapy. This is to help see how the medication is working for you. Your cost-share may be adjusted to align with the number of pills dispensed. If the medication is working for you and your Health Care Practitioner wants you to continue on this medication, you may be eligible to receive up to a 30-day supply after completing up to 3 months of the partial supply.

Step Therapy

PHARMACY BENEFITS

Coverage for certain designated prescription drugs or drug classes may be subject to a step therapy program. Step therapy programs favor the use of clinically acceptable alternative medications before other agents will be covered.

When you submit a Prescription Order to a Participating Pharmacy for one of these designated medications, the Pharmacist will be alerted if the online review of your prescription claims history indicates an acceptable alternative medication has not been previously tried. A list of step therapy medications is available to you and your Health Care Practitioner on our website at www.bcbstx.com.

If it is Medically Necessary, coverage can be obtained for the prescription drugs subject to the Step Therapy Program without trying an alternative medication first. In this case, your Health Care Practitioner must contact BCBSTX to obtain Prior Authorization for coverage of such drug. If authorization is granted, the Health Care Practitioner will be notified, and the medication will then be covered at the applicable Copayment Amount/Coinsurance Amount.

Non-Participating Pharmacies do not file your claims electronically and, therefore, will not have this online messaging. Should you elect to have your Prescription Order filled at a non-Participating Pharmacy, it is important that you access our website at www.bcbstx.com or contact the Customer Service Helpline telephone number shown in this Benefit Booklet or on your Identification Card prior to using one of these Pharmacies since Prescription Orders obtained through a non-Participating Pharmacy may be denied for reimbursement based upon this criteria.

Although you may currently be on a drug that is part of the step therapy program, your claim may need to be reviewed to see if the criteria for coverage of further treatment has been met. A documented treatment with a therapeutic alternative medication may be required for continued coverage of the targeted drug.

Step Therapy Programs do not apply to prescription drug treatment for the treatment of Stage-Four Advanced, Metastatic Cancer or Associated Conditions. Coverage for prescription drug treatment for Stage-Four Advanced, Metastatic Cancer or Associated Conditions do not require you to fail to successfully respond to a different drug or provide a history of failure of a different drug, before providing coverage of a prescription drug. This applies only to a prescription drug treatment that is consistent with best practices for the treatment of Stage-Four Advanced, Metastatic Cancer or an Associated Condition; supported by peer-reviewed, evidence-based literature; and approved by the United States Food and Drug Administration.

In addition to the **DEFINITIONS** section of this Benefit Booklet, the following definitions are applicable to this provision:

- "Stage-Four Advanced, Metastatic Cancer" means a cancer that has spread from the primary or original site of the cancer to nearby tissues, lymph nodes, or other areas or parts of the body.
- "Associated Conditions" means the symptoms or side effects associated with Stage-Four Advanced, Metastatic Cancer or its treatment and which, in the judgment of the Health Care Practitioner, further jeopardize the health of a patient if left untreated.

Step Therapy Exception Requests: Your prescribing Physician or other Health Care Practitioner may submit a written request for an exception to the Step Therapy requirements. The Step Therapy Exception Request will be considered approved if We do not deny the request within 72 hours after receipt of the request. If your prescribing Physician or other Health Care Practitioner reasonably believes that denial of the Step Therapy Exception Request could cause you serious harm or death, submission of the request with Urgent noted and documenting these concerns will be considered approved if We do not deny the request within 24 hours after receipt of the request. If your Step Therapy Exception Request is denied, you have the right to request an expedited internal appeal and also have the right to request review by an Independent Review Organization as explained in the Review of Claim Determinations section of this Benefit Booklet.

PHARMACY BENEFITS

Prior Authorizations

Coverage for certain designated prescription drugs is subject to Prior Authorization criteria. This means that in order to ensure that a drug is safe, effective, and part of a specific treatment plan, certain medications may require Prior Authorization and the evaluation of additional clinical information before dispensing. A list of the medications which require Prior Authorization is available to you and your Health Care Practitioner by accessing the website at www.bcbstx.com/member/prescription-drug-plan-information/drug-lists or contact customer service at the toll-free number on your Identification Card.

When you submit a Prescription Order to a Participating Pharmacy for one of these designated medications, the Pharmacist will be alerted online if your Prescription Order is on the list of medication which requires Prior Authorization before it can be filled. If this occurs, your Health Care Practitioner will be required to submit an authorization form. This form may also be submitted by your Health Care Practitioner in advance of the request to the Pharmacy. The Health Care Practitioner can obtain the authorization form by accessing our website at www.bcbstx.com. The requested medication may be approved or denied for coverage under the Plan based upon its accordance with established clinical criteria.

Non-Participating Pharmacies do not file your claims electronically and, therefore, will not have this online messaging. Should you elect to have your Prescription Order filled at a non-Participating Pharmacy, it is important that you access our website at www.bcbstx.com or contact the Customer Service Helpline telephone number shown in this Benefit Booklet or on your Identification Card prior to using one of these Pharmacies since Prescription Orders obtained through a non-Participating Pharmacy may be denied for reimbursement based upon these criteria.

Controlled Substances Limitations

If it is determined that a Member may be receiving quantities of controlled substance medications not supported by FDA approved dosages or recognized safety or treatment guidelines, any coverage for additional drugs may be subject to review to assess whether Medically Necessary or appropriate and restrictions may include but not be limited to a certain Provider and/or Pharmacy of the Participant's choice and/or quantities and/or days' supply for the prescribing and dispensing of the controlled substance medication. If the member does not choose such Provider and/or Pharmacy within a reasonable time, BCBSTX will make the choice. Additional Copayment Amounts and/or Coinsurance Amounts may apply.

Therapeutic Equivalent Restrictions

Some drugs have therapeutic equivalents/therapeutic alternatives. In some cases, BCBSTX may limit benefits to only certain therapeutic equivalents/therapeutic alternatives. If you do not choose the therapeutic equivalents/therapeutic alternatives that are covered under your Plan, the drug purchased will not be covered under any benefit level.

Right of Appeal

In the event that a requested Prescription Order is denied on the basis of dispensing limits, step therapy criteria, or Prior Authorization criteria with or without your authorized Health Care Practitioner having submitted clinical documentation, you have the right to appeal as indicated under the **Review of Claim Determinations** section of this Benefit Booklet.

Amendments

The Plan may be amended or changed at any time by agreement between the Contractholder and BCBSTX. If BCBSTX makes any material modification (as defined under section 102 of ERISA) in any of the terms of the plan or coverage that would affect the content of the Summary of Benefits and Coverage (SBC) (a document that summarizes plan benefits, cost-sharing, and limitations, as required under the Affordable Care Act), that is not reflected in the most recently provided SBC, and that occurs other than in connection with a renewal or reissuance of coverage, BCBSTX must provide notice of the modification to Participants not later than 60 days prior to the date on which the modification will become effective.

Assignment and Payment of Benefits

If a written assignment of benefits is made by a Participant to a Provider and the written assignment is delivered to the Carrier with the claim for benefits, the Carrier will make any payment directly to the Provider. Payment to the Provider discharges the Carrier's responsibility to Participant for any benefits available under the Plan.

Conformity with State Statutes

GENERAL PROVISIONS

Refund of Benefit Payments

If your group's benefit plan or BCBSTX pays benefits for Eligible Expenses incurred by you or your Dependents and it is found that the payment was more than it should have been, or was made in error ("Overpayment"), your group's Plan and BCBSTX have the right to obtain a refund of the Overpayment from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities or organizations, including, but not limited to, Network Providers or Out-of-Network Providers.

If no refund is received, the Plan and/or BCBSTX (in its capacity as insurer or administrator) have the right to deduct any refund for any Overpayment due, up to an amount equal to the Overpayment, from:

- (a) any future benefit payment made to any person or entity under this Benefit Booklet, whether for the same or a different Participant; or,
- (b) any future benefit payment made to any person or entity under another BCBSTX-administered ASO benefit program and/or BCBSTX-administered insured benefit program or policy; or,
- (c) any future benefit payment made to any person or entity under another BCBSTX-insured group benefit plan or individual policy; or,
- (d) any future benefit payment, or other payment, made to any person or entity; or,
- (e) any future payment owed to one or more Participating Providers or Out-of-Network Providers.

Further, BCBSTX has the right to reduce your benefit Plan's or policy's payment to a provider by the amount necessary to recover another BCBSTX plan's or policy's overpayment to the same provider and to remit the recovered amount to the other BCBSTX plan or policy.

Rescission of Coverage

Rescission is the retroactive cancellation or discontinuance of coverage due to an act, practice, or omission that constitutes fraud or an intentional misrepresentation of a material fact by you or by a person seeking coverage on your behalf. A cancellation or non-renewal of coverage due to failure to timely pay required premiums or contributions toward the cost of coverage (including COBRA premiums), a cancellation initiated by you or your authorized representative, or a prospective cancellation or discontinuance of coverage is not considered a Rescission. Rescission is subject to 30 days' prior notification and is retroactive to the Effective Date. In the event of such cancellation, BCBSTX may deduct from the Premium refund any amounts made in claim payments during this period and you may be liable for any claims payment amount greater than the total amount of Premiums paid during the period for which cancellation is affected. At any time when BCBSTX is entitled to rescind coverage already in force, or is otherwise permitted to make retroactive changes to this Benefit Booklet, BCBSTX may at its option make an offer to reform the Benefit Booklet already in force and/or change the rating category/level. In the event of reformation, the Benefit Booklet will be reissued retroactive in the form it would have been issued had the misstated or omitted information been known at the time of application. Please call BCBSTX at the toll-free number listed on the back of your Identification Card for additional information regarding your appeal rights concerning Rescission and/or reformation. If the decision to rescind coverage is upheld at the completion of the internal appeal process, external review by an Independent Review Organization may be requested.

GENERAL PROVISIONS

State Government Programs

1. If a Participant under the Plan is also a Medicaid recipient, any benefits for services or supplies under the Plan will not be excluded solely because benefits are paid or payable for such services or supplies under Medicaid. Any benefits available under the Plan will be payable to the Texas Department of Human Services to the extent required by the *Texas Insurance Code*; and
2. All benefits paid on behalf of a child or children under the Plan must be paid to the Texas Department of Human Services where;
 - a. The Texas Department of Human Services is paying benefits pursuant to provisions in the *Human Resources Code*; and
 - b. The parent who is covered under the Plan has possession or access to the child pursuant to a court order, or is not entitled to access or possession of the child and is required by the court to pay child support; and
 - c. The Carrier receives written notice at its Administrative Office affixed to the benefit claim when the claim is first submitted, that the benefits claimed must be paid directly to the Texas Department of Human Services.

GENERAL PROVISIONS

Subrogation

If the Carrier pays or provides benefits for you or your Dependents under this Plan, the Carrier is subrogated to all rights of recovery which you or your Dependent have in contract, tort, or otherwise against any person, organization, or insurer for the amount of benefits the Carrier has paid or provided. That means the Carrier may use your rights to recover money through judgment, settlement, or otherwise from any person, organization, or insurer.

For the purposes of this provision, *subrogation* means the substitution of one person or entity (the Carrier) in the place of another (you or your Dependent) with reference to a lawful claim, demand or right, so that he or she who is substituted succeeds to the rights of the other in relation to the debt or claim, and its rights or remedies.

Right of Reimbursement

In jurisdictions where subrogation rights are not recognized, or where subrogation rights are precluded by factual circumstances, the Carrier will have a right of reimbursement.

If you or your Dependent recover money from any person, organization, or insurer for an injury or condition for which the Carrier paid benefits under this Plan, you or your Dependent agree to reimburse the Carrier from the recovered money for the amount of benefits paid or provided by the Carrier. That means you or your Dependent will pay to the Carrier the amount of money recovered by you through judgment, settlement or otherwise from the third party or their insurer, as well as from any person, organization or insurer, up to the amount of benefits paid or provided by the Carrier.

Right to Recovery by Subrogation or Reimbursement

You or your Dependent agree to promptly furnish to the Carrier all information which you have concerning your rights of recovery from any person, organization, or insurer and to fully assist and cooperate with the Carrier in protecting and obtaining its reimbursement and subrogation rights. You, your Dependent or your attorney will notify the Carrier before settling any claim or suit so as to enable us to enforce our rights by participating in the settlement of the claim or suit. You or your Dependent further agree not to allow the reimbursement and subrogation rights of the Carrier to be limited or harmed by any acts or failure to act on your part.

GENERAL PROVISIONS

Coordination of Benefits

Coordination of Benefits (“COB”) applies when you have health care coverage through more than one Health Care Plan. The order of benefit determination rules govern the order in which each Health Care Plan will pay a claim for benefits. The Health Care Plan that pays first is called the primary plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The Health Care Plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans equal 100 percent of the total Allowable Expense.

For purposes of this Coordination of Benefits section only, the following words and phrases have the following meanings:

Allowable Expense means a health care expense, including deductibles, coinsurance, and copayments, that is covered at least in part by any Health Care Plan covering the person for whom claim is made. When a Health Care Plan (including this Health Care Plan) provides benefits in the form of services, the reasonable cash value of each service rendered is considered to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person is not an Allowable Expense. In addition, any expense that a health care Provider or Physician by law or in accord with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense.

1. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an Allowable Expense, unless one of the plans provides coverage for private Hospital room expenses.
2. If a person is covered by two or more plans that do not have negotiated fees and compute their benefit payments based on the usual and customary fees, Allowed Amounts, or relative value schedule reimbursement methodology, or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one plan that does not have negotiated fees and that calculates its benefits or services based on usual and customary fees, Allowed Amounts, relative value schedule reimbursement methodology, or other similar reimbursement methodology, and another plan that provides its benefits or services based on negotiated fees, the primary plan's payment arrangement must be the Allowable Expense for all plans. However, if the health care Provider or Physician has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the health care Provider's or Physician's contract permits, the negotiated fee or payment must be the Allowable Expense used by the secondary plan to determine its benefits.
5. The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, Prior Authorization of admissions, and preferred health care Provider and Physician arrangements.

Allowed Amount means the amount of a billed charge that a carrier determines to be covered for services provided by a nonpreferred health care Provider or Physician. The Allowed Amount includes both the carrier's payment and any applicable deductible, copayment, or coinsurance amounts for which the insured is responsible.

Closed Panel Health Care Plan means a plan that provides health care benefits to covered persons primarily in the form of services through a panel of health care Providers and Physicians that have contracted with or are employed by the Health Care Plan, and that excludes coverage for services provided by other health care Providers and Physicians, except in cases of emergency or referral by a panel member.

GENERAL PROVISIONS

Custodial Parent means the parent with the right to designate the primary residence of a child by a court order under the Texas Family Code or other applicable law, or in the absence of a court order, is the parent with whom the child resides more than one-half of the calendar year, excluding any temporary visitation.

Health Care Plan means any of the following (including this Health Care Plan) that provide benefits or services for, or by reason of, medical care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts:

Group, blanket, or franchise accident and health insurance policies, excluding disability income protection coverage; individual and group health maintenance organization evidences of coverage; individual accident and health insurance policies; individual and group preferred provider benefit plans and exclusive provider benefit plans; group insurance contracts, individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; medical care components of individual and group long-term care contracts; limited benefit coverage that is not issued to supplement individual or group in force policies; uninsured arrangements of group or group-type coverage; the medical benefits coverage in automobile insurance contracts; and Medicare or other governmental benefits, as permitted by law.

Health Care Plan does not include: disability income protection coverage; the Texas Health Insurance Pool; workers' compensation insurance coverage; hospital confinement indemnity coverage or other fixed indemnity coverage; specified disease coverage; supplemental benefit coverage; accident only coverage; specified accident coverage; school accident-type coverages that cover students for accidents only, including athletic injuries, either on a "24-hour" or a "to and from school" basis; benefits provided in long-term care insurance contracts for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services; Medicare supplement policies; a state plan under Medicaid; a governmental plan that, by law, provides benefits that are in excess of those of any private insurance plan; or other nongovernmental plan; or an individual accident and health insurance policy that is designed to fully integrate with other policies through a variable deductible.

Each contract for coverage is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

"This Health Care Plan" means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with like benefits, and may apply to other separate COB provisions to coordinate other benefits.

The order of benefit determination rules determine whether this Health Care Plan is a primary plan or secondary plan when the person has health care coverage under more than one plan. When this Health Care Plan is primary, it determines payment for its benefits first before those of any other plans without considering any other plan's benefits. When this Health Care Plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that all plan benefits equal 100 percent of the total Allowable Expense.

BCBSTX has the right to coordinate benefits between this Health Care Plan and any other Health Care Plan covering you.

GENERAL PROVISIONS

When a person is covered by two or more plans, the rules establishing the order of benefit determination between this Plan and any other Health Care Plan covering you on whose behalf a claim is made are as follows:

1. The benefits of a Health Care Plan that does not have a coordination of benefits provision shall in all cases be determined before the benefits of this Plan unless the provisions of both Health Care Plans state that the complying Health Care Plan is primary.
2. If according to the rules set forth below in this section the benefits of another Health Care Plan that contains a provision coordinating its benefits with this Health Care Plan would be determined before the benefits of this Health Care Plan have been determined, the benefits of the other Health Care Plan will be considered before the determination of benefits under this Health Care Plan.
3. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage must be excess to any other parts of the Health Care Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Health Care Plan to provide out-of-network benefits.
4. A Health Care Plan may consider the benefits paid or provided by another Health Care Plan in calculating payment of its benefits only when it is secondary to that other Health Care Plan.
5. If the primary Health Care Plan is a Closed Panel Health Care Plan and the secondary Health Care Plan is not, the secondary Health Care Plan must pay or provide benefits as if it were the primary Health Care Plan when a covered person uses a noncontracted health care Provider or Physician, except for emergency services or authorized referrals that are paid or provided by the primary Health Care Plan.
6. When multiple contracts providing coordinated coverage are treated as a single Health Care Plan under this subchapter, this section applies only to the Health Care Plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides benefits under the Health Care Plan, the carrier designated as primary within the Health Care Plan must be responsible for the Health Care Plan's compliance with this subchapter.
7. If a person is covered by more than one secondary Health Care Plan, the order of benefit determination rules below decide the order in which secondary Health Care Plans' benefits are determined in relation to each other. Each secondary Health Care Plan must take into consideration the benefits of the primary Health Care Plan or Health Care Plans and the benefits of any other Health Care Plan that, under the rules of this contract, has its benefits determined before those of that secondary Health Care Plan.

The order of benefits for your claim relating to **paragraphs 1 through 7** above, is determined using the first of the following rules that applies:

1. **Nondependent or Dependent.** The Health Care Plan that covers the person other than as a Dependent, for example as an employee, member, policyholder, subscriber, or retiree, is the primary plan, and the Health Care Plan that covers the person as a Dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Health Care Plan covering the person as a Dependent and primary to the Health Care Plan covering the person as other than a Dependent, then the order of benefits between the two plans is reversed so that the Health Care Plan covering the person as an employee, member, policyholder, subscriber, or retiree is the secondary plan and the other Health Care Plan is the primary plan. An example includes a retired employee.
2. **Dependent Child Covered Under More Than One Health Care Plan.** Unless there is a court order stating otherwise, Health Care Plans covering a Dependent child must determine the order of benefits using the following rules that apply.

GENERAL PROVISIONS

- a. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (i) The Health Care Plan of the parent whose birthday falls earlier in the Calendar Year is the primary plan; or
 - (ii) If both parents have the same birthday, the Health Care Plan that has covered the parent the longest is the primary plan.
 - b. For a Dependent child whose parents are divorced, separated, or not living together, whether or not they have ever been married:
 - (i) if a court order states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Health Care Plan of that parent has actual knowledge of those terms, that Health Care Plan is primary. This rule applies to plan years commencing after the Health Care Plan is given notice of the court decree.
 - (ii) if a court order states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of 2.a. must determine the order of benefits.
 - (iii) if a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of 2.a. must determine the order of benefits.
 - (iv) if there is no court order allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (I) the Health Care Plan covering the Custodial Parent;
 - (II) the Health Care Plan covering the spouse of the Custodial Parent;
 - (III) the Health Care Plan covering the nonCustodial Parent; then
 - (IV) the Health Care Plan covering the spouse of the nonCustodial Parent.
 - c. For a Dependent child covered under more than one Health Care Plan of individuals who are not the parents of the child, the provisions of 2.a or 2.b. must determine the order of benefits as if those individuals were the parents of the child.
 - d. For a Dependent child who has coverage under either or both parents' Health Care Plans and has his or her own coverage as a Dependent under a spouse's Health Care Plan, paragraph 5. below applies.
 - e. In the event the Dependent child's coverage under the spouse's Health Care Plan began on the same date as the Dependent child's coverage under either or both parents' Health Care Plans, the order of benefits must be determined by applying the birthday rule in 2.a. to the Dependent child's parent(s) and the Dependent's spouse.
3. **Active, Retired, or Laid-off Employee.** The Health Care Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The Health Care Plan that covers that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the Health Care Plan that covers the same person as a retired or laid-off employee or as a Dependent of a retired or laid-off employee does not have this rule, and as a result, the Health Care Plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if paragraph 1. above can determine the order of benefits.
4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another Health Care Plan, the Health Care Plan covering the person as an employee, member, subscriber, or retiree or covering the person as a Dependent of an employee, member, subscriber, or retiree is the primary plan, and the COBRA, state, or other federal continuation coverage is the secondary plan. If the other Health Care Plan

GENERAL PROVISIONS

does not have this rule, and as a result, the Health Care Plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if paragraph 1. above can determine the order of benefits.

5. **Longer or Shorter Length of Coverage.** The Health Care Plan that has covered the person as an employee, member, policyholder, subscriber, or retiree longer is the primary plan, and the Health Care Plan that has covered the person the shorter period is the secondary plan.
6. If the preceding rules do not determine the order of benefits, the Allowable Expenses must be shared equally between the Health Care Plans meeting the definition of Health Care Plan. In addition, this Health Care Plan will not pay more than it would have paid had it been the primary plan.

When this Health Care Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Health Care Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Health Care Plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all Health Care Plans for the claim equal 100 percent of the total Allowable Expense for that claim. In addition, the secondary plan must credit to its plan deductible (if applicable) any amounts it would have credited to its deductible in the absence of other health care coverage.

If a covered person is enrolled in two or more Closed Panel Health Care Plans and if, for any reason, including the provision of service by a nonpanel Provider, benefits are not payable by one Closed Panel Health Care Plan, COB must not apply between that Health Care Plan and other Closed Panel Health Care Plans.

For purposes of this provision, BCBSTX may, subject to applicable confidentiality requirements set forth in this Plan, release to or obtain from any insurance company or other organization necessary information under this provision. If you claim benefits under this Plan, you must furnish all information deemed necessary by Us to implement this provision.

None of the above rules as to coordination of benefits shall delay your health services covered under this Plan.

Whenever payments have been made by BCBSTX with respect to Allowable Expenses in a total amount, at any time, in excess of 100% of the amount of payment necessary at that time to satisfy the intent of this Part, We shall have the right to recover such payment, to the extent of such excess, from among one or more of the following as We shall determine: any person or persons to, or for, or with respect to whom, such payments were made; any insurance company or companies; or any other organization or organizations to which such payments were made.

A payment made under another Health Care Plan may include an amount that should have been paid under this Health Care Plan. If it does, BCBSTX may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this Health Care Plan. BCBSTX will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

GENERAL PROVISIONS

Termination of Coverage

Termination of Individual Coverage

Coverage under the Plan for you and/or your Dependents will automatically terminate when:

1. Your portion of the group premium is not received timely by BCBSTX; or
2. You no longer satisfy the definition of an Employee as defined in this Benefit Booklet, including termination of employment; or
3. The Plan is terminated or the Plan is amended, at the direction of the Contractholder, to terminate the coverage of your Employer Member; or
4. A Dependent ceases to be a Dependent as defined in the Plan.

However, when any of these events occur, you and/or your Dependents may be eligible for continued coverage. See **Continuation Privilege** in the **GENERAL PROVISIONS** section of this Benefit Booklet.

The Carrier may refuse to renew the coverage of an eligible Employee or Dependent for fraud or intentional misrepresentation of a material fact by that individual.

Coverage for a child of any age who is medically certified as *Disabled* and dependent on the parent will not terminate upon reaching the limiting age shown in the definition of Dependent if the child continues to be both:

1. *Disabled*, and
2. Dependent upon you for more than one-half of his support as defined by the Internal Revenue Code of the United States.

Disabled means any medically determinable physical or mental condition that prevents the child from engaging in self-sustaining employment. You must submit satisfactory proof of the disability and dependency through the Group to the Carrier within 31 days following the child's attainment of the limiting age. As a condition to the continued coverage of a child as a *Disabled* Dependent beyond the limiting age, the Carrier may require periodic certification of the child's physical or mental condition but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

Termination of the Contractholder

The coverage of all Participants will terminate if the Contractholder is terminated in accordance with the terms of the Plan.

Termination of an Employer Member

The coverage of all Participants of an Employer Member of the Contractholder's Group, will terminate: 1) if the Plan is amended at the direction of the Contractholder to terminate the coverage of that Employer Member; and/or 2) that Employer Member's coverage is otherwise terminated in accordance with the terms of the Plan.

Extension of Benefits

If this Contract terminates (as described in the Contractholder's Contract), any Participant who is *Totally Disabled* on the effective date of the termination of the Contract shall be entitled to receive benefits as described in this Benefit Booklet, subject to the benefit limitations and maximums, for the continued treatment of the condition causing the *Total Disability*. Benefits will be available for the period of the *Total Disability* or for 90 days following the termination date of the Contract, whichever is less.

However, if your coverage under the Plan is replaced with coverage issued by a *Succeeding Carrier* which provides substantially equivalent or greater benefits than those provided by this Contract, this extension of benefits for *Total Disability* is not applicable.

GENERAL PROVISIONS

Succeeding Carrier means an insurer that has replaced the coverage of BCBSTX with its coverage.

Total Disability or *Totally Disabled* means as applied to:

1. An Employee, the complete inability of the Employee to perform all of the substantial and material duties and functions of his occupation and any other gainful occupation in which the Employee earns substantially the same compensation earned prior to disability; and
2. A Dependent, confinement as a bed patient in a Hospital.

GENERAL PROVISIONS

Continuation Privilege

Any Participant whose insurance under the Contract has been terminated for any reason except involuntary termination for cause, including discontinuance of the Contract in its entirety or with respect to an insured class, and, who has been continuously insured under the Contract or any group policy providing similar benefits which it replaces for at least three consecutive months immediately prior to termination shall be entitled to such privilege as outlined below:

Continuation of group coverage must be requested in writing and provided to the Group within 60 days following the later of:

1. The date the group coverage would otherwise terminate; or
2. The date the Participant is given notice of the right of continuation by the Group.

A Participant electing continuation must pay the amount of contribution required to the Group, plus two percent of the group rate for the insurance being continued under the contract. The first payment must be made within 45 days after the initial election of coverage. All subsequent payments must be made no later than 30 days after the payment due date.

Continuation may not terminate until the earliest of:

1. The date on which the maximum continuation period is exhausted, which is:
 - a. For covered persons not eligible for COBRA continuation coverage, nine months after the date of state continuation coverage; or
 - b. For covered persons covered under COBRA continuation coverage, six additional months following any period of COBRA continuation coverage;
2. The date on which failure to make timely payments would terminate coverage;
3. The date on which the group coverage under this Certificate terminates in its entirety or with respect to an insured class;
4. The date on which the covered person is or could be covered under Medicare;
5. The date on which the covered person is covered for similar benefits by another hospital, surgical, medical, or major medical expense insurance policy or hospital or medical subscriber contract or medical practice or other prepayment plan or any other plan or program;
6. The date the covered person is eligible for similar benefits whether or not covered therefor under any arrangement of coverage for individuals in a group, whether on an insured or uninsured basis; or
7. Similar benefits are provided or available to such person, pursuant to or in accordance with the requirements of any state or federal law, other than COBRA continuation coverage.

Additional Continuation for Certain Dependents - State

If coverage terminates as the result of an Employee's death, retirement, or divorce, a Dependent's coverage can continue. The Dependent must have been covered under the Contract for at least one year, except in the case of a Dependent who is an infant under one year of age. Continuation does not require evidence of insurability.

Continuation under this provision will not apply if continuation is required under the Consolidated Omnibus Budget Reconciliation Act of 1985. In addition, continuation is not available when coverage terminates due to any of these circumstances:

1. The Contract is canceled; or
2. The Dependent fails to make any timely premium payments.

GENERAL PROVISIONS

Continuation ends after the earliest of the following:

1. The third anniversary of the severance of the family relationship or the retirement or death of the Subscriber;
2. The insured fails to make premium payments within the time required to make the payments;
3. The insured becomes eligible for substantially similar coverage under another plan or program, including a group health insurance policy or contract, hospital, or medical service subscriber contract, or medical practice or other prepayment plan; or
4. The Contract is canceled.

Notification Requirements

The Dependent must notify the Group within 15 days of the Employee's death, retirement, or divorce. The Group will immediately provide written notice to the Dependent of the right to continue coverage and will send the election form and instructions for premium payment.

Within 60 days of the Employee's death, retirement, or divorce, the Dependent must give written notice to the Group of the desire to exercise the right of continuation or the option expires. Coverage remains in effect during the 60-day period provided premium is paid.

COBRA Continuation – Federal

Under the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), Participants may have the right to continue coverage, after the date coverage ends. Participants will not be eligible for COBRA continuation if the Contractholder and/or Group is exempt from the provisions of COBRA; however, the Participant may be eligible for State Continuation as addressed under **Additional Continuation for Certain Dependents – State**.

Please check with your Group or Human Resources Department to determine if Domestic Partners are eligible for COBRA-like benefits in your Plan. Coverage shall be available under the state continuation provisions. For specific criteria or necessary forms required to establish eligibility for benefit coverage under this Plan, contact your Group or Human Resources Department

Minimum Size of Group

The Group must have normally employed more than twenty (20) employees on a typical business day during the preceding Calendar Year. This refers to the number of full-time and part-time employees employed, not the number of employees covered by a Health Benefit Plan.

Loss of Coverage

If coverage terminates as the result of termination (other than for gross misconduct) or reduction of employment hours, then the Participant may elect to continue coverage for eighteen (18) months from the date coverage would otherwise cease.

A covered Dependent may elect to continue coverage for thirty-six (36) months from the date coverage would otherwise cease if coverage terminates as the result of:

1. divorce from the covered Employee,
2. death of the covered Employee,
3. the covered Employee becomes eligible for Medicare, or
4. a covered Dependent child no longer meets the Dependent eligibility requirements.

COBRA continuation under the contract ends at the earliest of the following events:

1. The last day of the eighteen (18) month period for events which have a maximum continuation period of eighteen (18) months.

GENERAL PROVISIONS

2. The last day of the thirty-six (36) month period for events which have a maximum continuation period of thirty-six (36) months.
3. The first day for which timely payment of premium is not made to the Plan with respect to the qualified beneficiary.
4. The date upon which the Employer ceases to provide any group health plan to any Employee.
5. The date, after the date of the election, upon which the qualified beneficiary first becomes covered under any other employer group health benefit plan.
6. The date, after the date of the election, upon which the qualified beneficiary first becomes entitled to Medicare benefits.

Extension of Coverage Period

The eighteen (18) month coverage period may be extended if an event which could otherwise qualify a Participant for the thirty-six (36) month coverage period occurs during the eighteen (18) month period, but in no event may coverage be longer than thirty-six (36) months from the initial qualifying event.

If a Participant is determined to be disabled as defined under the Social Security Act and the Participant notifies the Group before the end of the initial eighteen (18) month period, coverage may be extended up to an additional eleven (11) months for a total of twenty-nine (29) months. This provision is limited to Participants who are disabled at any time during the first sixty (60) days of COBRA continuation and only if the qualifying event is termination of employment (other than for gross misconduct) or reduction of employment hours.

Notice of COBRA Continuation Rights

The Group is responsible for providing the necessary notification to Participants as required by the Consolidated Omnibus Budget Reconciliation Act of 1985 and the Tax Reform Act of 1986.

For additional information regarding your rights under COBRA continuation, refer to the Continuation Coverage Rights Notice in the **NOTICES** section of this Benefit Booklet.

GENERAL PROVISIONS

Information Concerning Employee Retirement Income Security Act of 1974 (ERISA)

If the Health Benefit Plan is part of an “employee welfare benefits plan” and “welfare plan” as those terms are defined in ERISA:

1. The Contractholder will furnish summary plan descriptions, annual reports, and summary annual reports to your Group to furnish to you and other plan participants and to the government as required by ERISA and its regulations.
2. BCBSTX will furnish the Employer with this Benefit Booklet as a description of benefits available under this Health Benefit Plan. Upon written request by the Contractholder, BCBSTX will send any information which BCBSTX has that will aid the Contractholder in making its annual reports.
3. Claims for benefits must be made in writing on a timely basis in accordance with the provisions of this Health Benefit Plan. Claim filing and claim review health procedures are found in the **CLAIM FILING AND APPEALS PROCEDURES** section of this Benefit Booklet.
4. BCBSTX is not the ERISA “Plan Administrator” for benefits or activities pertaining to the Health Benefit Plan.
5. This Benefit Booklet is a Certificate of Coverage and not a Summary Plan Description.
6. The Contractholder has given BCBSTX the authority and discretion to interpret the Health Benefit Plan provisions and to make eligibility and benefit determinations.

ALLOWABLE AMOUNT NOTICE

IMPORTANT TO YOUR COVERAGE

To pay less out-of-pocket expenses for your health care costs and to receive a higher level of benefits, it is to your advantage to use In-Network Providers. If you use contracting Providers, you will not be responsible for any charges over the Allowable Amount as determined by BCBSTX. What follows is an example of how much you would pay if you use an In-Network Provider and how much you would pay if you use a non-contracting Out-of-Network Provider. To make the example easier to follow, assume the Allowable Amount is the same (Note: In most cases, however, the non-contracting Allowable Amount will be less than the contracting Allowable Amount, meaning your total payment responsibility will be even greater):

EXAMPLE ONLY

	In-Network 90% of eligible charges \$250 Deductible	Out-of-Network 80% of eligible charges \$500 Deductible
Amount Billed	\$20,000	\$20,000
Allowable Amount	\$5,000	\$5,000
Deductible Amount	\$250	\$500
Plan's Coinsurance Amount	\$4,275	\$3,600
Your Coinsurance Amount	\$475	\$900
Non-Contracting Provider's additional charge to you	None	\$15,000
YOUR TOTAL PAYMENT	\$725 to a Network Provider	\$16,400 to a Non-Contracting Out-of-Network Provider

Even when you consult an In-Network Provider, ask questions about the Providers rendering care to you "behind the scenes." If you are scheduled for surgery, for example, ensure that your Network surgeon will be using a Network facility for your procedure and a Network Provider for your anesthesia services.

If you choose to receive services from an Out-of-Network Provider, inquire if the Provider participates in a contractual arrangement with BCBSTX or any other Blue Cross and/or Blue Shield Plan. Providers who do not contract with BCBSTX may bill the patient for expenses over the Allowable Amount. ¹Refer to *PARPLAN* in the **HOW THE PLAN WORKS** portion of your booklet for more information.

Out-of-Area Services

Blue Cross and Blue Shield of Texas, a division of Health Care Service Corporation, herein called BCBSTX has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association. Whenever you access healthcare services outside of BCBSTX service area, the claims for these services may be processed through one of these Inter-Plan Arrangements, which includes the BlueCard Program, and may include Negotiated Arrangements available between BCBSTX and other Blue Cross and Blue Shield Licensees.

When you receive care outside our service area, you will receive it from one of two kinds of Providers. Most Providers (“participating Providers”) contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area (“Host Blue”). Some Providers (“non-participating healthcare Providers”) don’t contract with the Host Blue. We explain how we pay both types of Providers below.

A. BlueCard® Program

Under the BlueCard Program, when you receive covered healthcare services within the geographic area served by a Host Blue, we will remain responsible for what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

For inpatient facility services, the Host Blue’s Participating Provider is required to obtain preauthorization review. If preauthorization review is not obtained, the Participating Provider will be sanctioned based on the Host Blue’s contractual agreement with the Provider, and the member will be held harmless for the Provider sanction.

Whenever you receive covered healthcare services outside BCBSTX’s service area and the claim is processed through the BlueCard Program, the amount you pay for covered healthcare services is calculated based on the lower of:

- The billed covered charges for your covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare Provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non-BlueCard Program) Arrangements

As an alternative to the BlueCard Program, your claims for covered healthcare services may be processed through a Negotiated Arrangement with a Host Blue.

The amount you pay for covered healthcare services under this arrangement will be calculated based on the lower of either billed covered charges or negotiated price (Refer to the description of negotiated price under Section A., BlueCard Program) made available to us by the Host Blue.

C. Non-Participating Healthcare Providers Outside BCBSTX Service Area

1) In General

When Covered Services are provided outside of the Plan's service area by Non-Participating Providers, the amount(s) you pay for such services will be calculated using the methodology described in the Certificate for Non-Participating Providers located inside our service area. You may be responsible for the difference between the amount that the Non-Participating Provider bills and the payment the Plan will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

2) Exceptions

In some exception cases, the Plan may, but is not required to, in its sole and absolute discretion negotiate a payment with such Non-Participating Provider on an exception basis. If a negotiated payment is not available, then the Plan may make a payment based on the lesser of:

A. the amount calculated using the methodology described in the Certificate for Non-Participating Providers located inside your service area (and described in Section C(a)(1) above); or

B. the following:

- (i) for Professional Providers, an amount equal to the greater of the minimum amount required in the methodology described in the Certificate for Non-Participating Providers located inside your service area; or an amount based on publicly available provider reimbursement data for the same or similar professional services, adjusted for geographical differences where applicable, or
- (ii) for Hospital or facility Providers, an amount equal to the greater of the minimum amount required in the methodology described in the Certificate for Non-Participating Providers located inside your service area; or an amount based on publicly available data reflecting the approximate costs that Hospitals or facilities have incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the Non-Participating Provider bills and the payment Blue Cross and Blue Shield of Texas will make for the Covered Services as set forth in this paragraph.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, the Plan will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Special Cases: Value-Based Programs

BlueCard® Program

If you receive covered healthcare services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to us through average pricing or fee schedule adjustments.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If BCBSTX has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to Employer on your behalf, we will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

F. Blue Cross Blue Shield Global Core ®

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter “BlueCard service area”), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing covered healthcare services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

- **Emergency Care Services**

This Contract covers only limited health care services received outside of the United States. As used in this section, “Out-of-Area Covered Services” include Emergency Care and Urgent Care obtained outside of the United States. Follow-up care following an emergency is also available, provided the services are preauthorized by BCBSTX. Any other services will not be eligible for benefits unless authorized by BCBSTX.

- **Inpatient Services**

In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered inpatient services, except for your cost-share amounts/deductibles, coinsurance, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered healthcare services.

- **Outpatient Services**

Outpatient Services are available for the treatment of Emergency Care and Urgent Care.

Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered healthcare services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for covered healthcare services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider’s itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from BCBSTX, the BlueCard Worldwide Service Center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

YOU MAY BE RESPONSIBLE FOR PAYMENT OF ALL OR PART OF THE FEES FOR THOSE PROFESSIONAL SERVICES THAT ARE NOT PAID OR COVERED BY YOUR HEALTH BENEFIT PLAN.

The minimum number of inpatient hours is not required if the covered person receiving the treatment and the attending physician determine that a shorter period of inpatient care is appropriate.

Prohibitions: We may not (a) offer the covered person a financial incentive to forego breast reconstruction or waive the coverage and/or benefits shown above; (b) condition, limit, or deny any covered person's eligibility or continued eligibility to enroll in the plan or fail to renew this plan solely to avoid providing the coverage and/or benefits shown above; or (c) reduce or limit the amount paid to the physician or provider, nor otherwise penalize, or provide a financial incentive to induce the physician or provider to provide care to a covered person in a manner inconsistent with the coverage and/or benefits shown above.

NOTICE OF CERTAIN MANDATORY BENEFITS

Examinations for Detection of Prostate Cancer

Benefits are provided for each covered male for an annual medically recognized diagnostic examination for the detection of prostate cancer. Benefits include:

- (a) a physical examination for the detection of prostate cancer; and
- (b) a prostate-specific antigen test for each covered male who is:
 - 1) at least 50 years of age; or
 - 2) at least 40 years of age with a family history of prostate cancer or other prostate cancer risk factor.

Inpatient Stay following Birth of a Child

For each person covered for maternity/childbirth benefits, we will provide inpatient care for the mother and her newborn child in a health care facility for a minimum of:

- (a) 48 hours following an uncomplicated vaginal delivery, and
- (b) 96 hours following an uncomplicated delivery by cesarean section.

This benefit does not require a covered female who is eligible for maternity/childbirth benefits to (a) give birth in a hospital or other health care facility or (b) remain in a hospital or other health care facility for the minimum number of hours following birth of the child.

If a covered mother or her newborn child is discharged before the 48 or 96 hours has expired, we will provide coverage for post-delivery care. Post-delivery care includes parent education, assistance and training in breast-feeding and bottle-feeding and the performance of any necessary and appropriate clinical tests. Care will be provided by a physician, registered nurse or other appropriate licensed health care provider, and the mother will have the option of receiving the care at her home, the health care provider's office or a health care facility.

Since we provide in-home post-delivery care, we are not required to provide the minimum number of hours outlined above unless (a) the mother's or child's physician determines the inpatient care is medically necessary, or (b) the mother requests the inpatient stay.

Prohibitions. We may not (a) modify the terms of this coverage based on any covered person requesting less than the minimum coverage required; (b) offer the mother financial incentives or other compensation for waiver of the minimum number of hours required; (c) refuse to accept a physician's recommendation for a specified period of inpatient care made in consultation with the mother if the period recommended by the physician does not exceed guidelines for prenatal care developed by nationally recognized professional associations of obstetricians and gynecologists or pediatricians; (d) reduce payments or reimbursements below the usual and customary rate; or (f) penalize a physician for recommending inpatient care for the mother and/or the newborn child.

NOTICE OF CERTAIN MANDATORY BENEFITS

Coverage of Tests for Detection of Human Papillomavirus, Ovarian Cancer, and Cervical Cancer

Coverage is provided for each woman enrolled in the plan who is 18 years of age or older for expenses incurred for an annual, medically recognized diagnostic examination for the early detection of ovarian and cervical cancer. Coverage required under this section includes a CA 125 blood test and, at a minimum, a conventional Pap smear screening or a screening using liquid-based cytology methods, as approved by the FDA, alone or in combination with a test approved by the FDA for the detection of the human papillomavirus.

Treatment of Acquired Brain Injury

- (f) post-acute transition services and community reintegration services, including outpatient day treatment services or other post-acute care treatment services; and
- (g) reasonable expenses related to periodic reevaluation of the care of an individual covered under the plan who has incurred an acquired brain injury, has been unresponsive to treatment, and becomes responsive to treatment at a later date, at which time the cognitive rehabilitation services would be a covered benefit.

The fact that an acquired brain injury does not result in hospitalization or acute care treatment does not affect the right of the insured or the enrollee to receive the preceding treatments or services commensurate with their condition. Post-acute care treatment or services may be obtained in any facility where such services may legally be provided, including acute or post-acute rehabilitation hospitals and assisted living facilities regulated under the Health and Safety Code.

If any person covered by this plan has questions concerning the information above, please call Blue Cross and Blue Shield of Texas at 1-800-521-2227 or write us at P.O. Box 660044, Dallas, Texas 75266-0044.

NOTICE

CONTINUATION COVERAGE RIGHTS UNDER COBRA

NOTE: Certain employers may not be affected by CONTINUATION OF COVERAGE AFTER TERMINATION (COBRA). See your employer or Group Administrator should you have any questions about COBRA.

INTRODUCTION

You are receiving this notice because you have recently become covered under your employer's group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage may be available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

WHEN IS COBRA COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, in the event of retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

YOU MUST GIVE NOTICE OF SOME QUALIFYING EVENTS

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

HOW IS COBRA COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

DISABILITY EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.
